SIMS URGES DEFENSE FOR ALL AMERICA

Retired, Naval Officer Says People of United States Ought to Have a Better Knowledge of Army, Navy

Man Who Commanded in the European Waters Tells How Unprepared Were Sea and Land Forces of Nation

The American army was entirely unprepared for the last war and the navy was almost in the same condition, although not quite so visibly handicapped, declared Admiral Sims in addressing the Chamber of Commerce luncheon today at Hotel Oakland.

"Coupled with that is the sad state of affairs when the organization in Washington was one not capable of conducting the war," Admiral Sims added. The speaker excoriated the methods in which American history is taught in the public schools, saying that the victories are emphasized and the defeats ignored. He said if history was taught from the other viewpoint, and more about the defeats mentioned, the attitude of the American people toward national defense would be greatly altered. He said the people are fed up on hurrah history.

WOULD CIRCULATE "UNPOPULAR HISTORY"

Admiral Sims declared that if he had a million dollars he would like to spend it on circulating copies of the "Unpopular History of the United States." If the people would read that book it would do more to realize the objects of military men than speeches made all over the country, Sims declared.

"The people of the United States do not know as much about the navy as they should," Admiral Sims declared.

In acknowledging the introduction of Harrison S. Robinson, president of the Chamber of Commerce, Admiral Sims said that he felt he must apologize for the introductory speaker as he had been lauded so much that he considered it disrespectful to the old naval commanders of this country. He then went on to say that he was not gifted with the fine degree of oratory of the noted public speaker, but he had a way of saying what he meant. He assured the audience that whatever he had said in any of his speeches he did mean.

Admiral Sims spoke generally on the subject of naval defense, and made no specific reference to the Alameda naval base project, in which the greater portion of the audience was especially interested, saying that he did not wish to involve himself in an issue that had only local significance. He was the only speaker at the luncheon, which was arranged in his honor by the Chamber of Commerce.

NOTABLE PERSONS ARE AMONG GUESTS

Harrison S. Robinson, president of the commercial body, presided, and beside him was Mrs. Robinson. Among the distinguished guests of honor were David P. Barrows, president of the University of California; Rear Admiral Alexander S. Halstead, commander of the Twelfth Naval District; General and Mrs. George Barnett; General U. G. McAlexander; Dr. Aurelia Henry Reinhardt, president of Mills College; Colonel and Mrs. Herbert Deakney. Major George Gilman, Colonel J. T. Nance, commander of the University of California; R. O. T. C.; I. D. Parsons of the Bank of Hawaii; Colonel E. P. O'Hearn of the Benicia Arsenal. Representing the city were Mayor Davis, Commissioners Colquhoun, Duggan, Carter, and others, and Chief Drew and Chief Short of the police and fire departments. All of the directors of the Chamber of Commerce were present, and over four hundred members of the organization, setting a record for affairs of this kind.

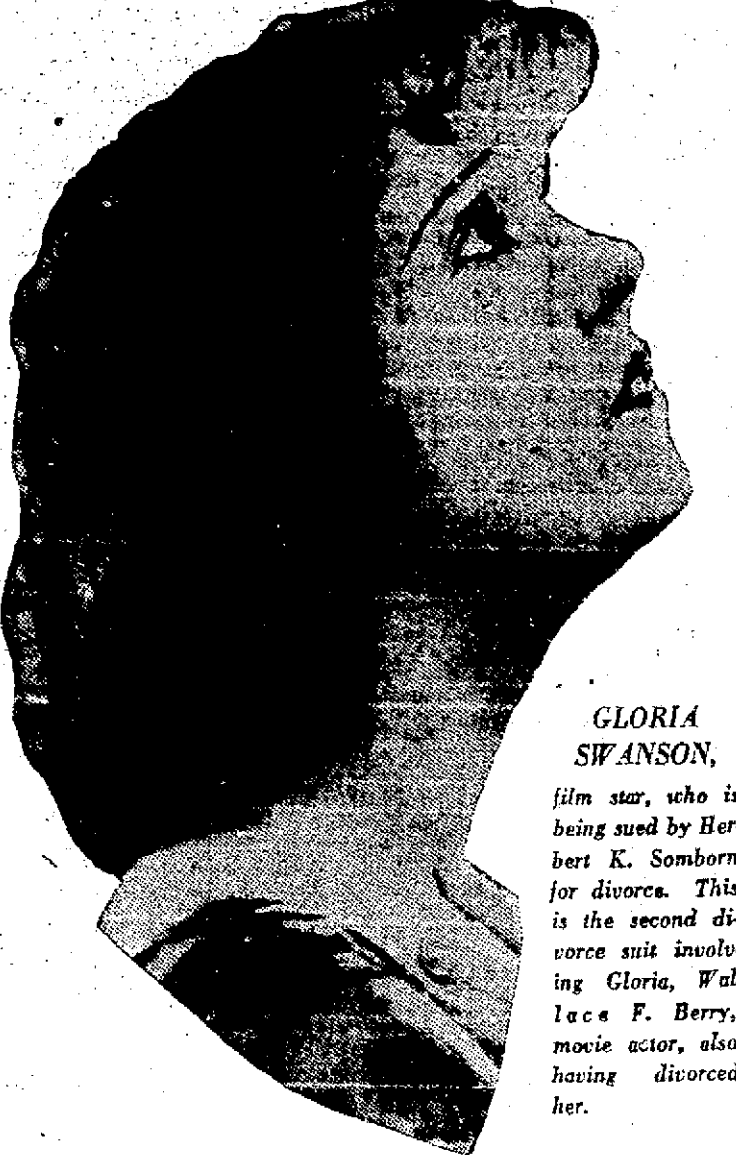

SIMS INTRODUCED BY PRESIDENT ROBINSON

Introducing Admiral Sims as the speaker of the day, President Robinson said:

"For a nation that has so often been indifferent to its maritime interests, we take a tremendous pride and satisfaction in our navy and its achievements. This pride and satisfaction are not based upon a constantly maintained efficiency of our fleets. Congress sometimes, and sometimes people nearer to the navy, prevent that. Too often the country is indifferent. That pride and satisfaction are founded in the splendid devotion of navy men for the service and in the almost never failing ability of the American naval commander to do the necessary thing in every time of emergency; to do it gallantly, modestly and uncomplainingly, despite limitations and handicaps."

"There have been deeds begun in the past which have been carried the coast of England. It culminated for us 123 years later when, under altered circumstances, another American fleet commander helped protect those shores from invasion and at the same time performed the essential, though seemingly impossible task of restoring the peace of the world."

Seals Lips on Divorce

GLORIA SWANSON, film star, who is being sued by Herbert K. Somborn for divorce. This is the second divorce suit involving Gloria F. Barry, movie actor, also having divorced her.

GLORIA SWANSON SILENT ON SUIT

Divorce Proceedings Against Film Star Lack Sensations, Says Attorney

LOS ANGELES, March 28.—Gloria Swanson, motion picture actress, sued for divorce yesterday by Herbert K. Somborn, who charged her with desertion, had made no statement on the suit early today, but friends recalled her declaration after their separation nearly two years ago that "she was through with married life," and henceforth would devote her life to her child and the films.

The child, Gloria Swanson Somborn, two and a half years old, will remain with her mother, it is reported, regardless of the outcome of the divorce action.

Somborn followed Miss Swanson's example and made no statement regarding his suit, but his attorney announced "there would be no sensational testimony."

The complaint states they were married December 20, 1919, and separated May 15, 1921, and alleges the actress "maliciously and willfully" gave Somborn cause for divorce, and had "persisted in her abandonment and desertion of him against his will."

A year and a half ago, after Miss Swanson had announced "that report that my husband and I have separated is true," Somborn also admitted the report was true, but said no divorce was contemplated.

At the time of their marriage Somborn gave his age as 36 and Miss Swanson's as 26.

Miss Swanson was first married to Wallace F. Berry, motion picture actor, in February, 1919. He divorced her on the grounds of desertion in December, 1921.

The divorce action brought by Elfreda M. Shimmelin, a motion picture actress known professionally as Lucille Gordon, against Robert L. Shimmelin, a broker of Victoria, B. C., was taken under advisement today by Judge J. W. Summerfield of the superior court. Mrs. Shimmelin is suing for divorce.

Hogg, also a screen actress, testified Mrs. Shimmelin came here for her health in April, 1920, and that since her arrival her husband had neither sent her money nor asked her to go home.

RAIN EXPECTED FROM SEA STORM

Sharp Drop in Temperature and Clouds Cheer State Farmers

SAN FRANCISCO, March 28.—Shipping in the eastern areas of the Pacific ocean from the Arctic to the tropics is being tossed about today in one of the worst storms of the year, which should reach the coast states in the next two days, the United States weather bureau reported here today.

George H. Willson, official forecaster, said he had received messages from the steamer West Ivan, Batavia to San Francisco, saying she was "in a full southwest gale," and that the wind recorded was as high as 75 miles an hour.

The West Ivan was 1100 miles off the coast.

The forecaster believes that all of northern California will get rain in the next two days. The storm may reach the coast early tomorrow.

True to predictions made by weather forecasters, today broke cool and cloudy throughout northern California, particularly in the bay region.

A long drop in temperature from Tuesday's high mark of 84 was recorded and the low mark touched was 56.

The orchardists throughout the northern and central sections of the State have already commenced to irrigate their trees several weeks ahead of time, and grain in the interior valleys is turning yellow from lack of water.

BROUGHT BRINGS FIRE MENACE IN FORESTS. SACRAMENTO, March 28.—Fire is threatening California forests, outside of the national reserves, because of the continued drought. Mr. B. Pratt, state forester, returned today from an investigation trip in the region of Placerville. Forest fires have already started there, he said, though they are not yet serious. In Butte county fires have been reported also. Forest rangers are not put into service until June 1.

EAST MIDDLE MARCH 28.—New Yorkers went to work today shivering in the coldest March weather on record here. The temperature was 12 degrees. The coldest March weather previously recorded was in 1878, when it was 19.

At Saranac Lake the mercury dropped to 30 degrees below zero and temperatures of 10 below were reported from several other State points.

PITTSBURGH, Pa., March 28.—The coldest weather in the history of the local weather bureau for (Continued on Page 2, Col. 1)

"Bill" Hart Silent On Paternity Charge

LOS ANGELES, March 28.—(By the Associated Press.)—The German named Steinbrink, reported arrested by the French authorities in the Ruhr as Captain Steinbrink, commander of the German U-boat which torpedoed the British cross channel steamer Sussex in 1916, with the loss of about fifty lives, was not the commander of the submarine, according to a statement issued by the German admiralty today.

The Steinbrink mentioned in the despatches from the Ruhr is identified by the statement as business manager of the German Iron and Steel association.

Destroyer Leader Shows Good Speed

DETROIT, March 28.—The scout cruiser Detroit, intended as a destroyer leader and a new unit of high speed in America's battle fleet, returned to her builders' yards at the Fore River Shipbuilding Corporation plant here today from a shakedown trip in Massachusetts bay, in which, according to reports, she attained a speed of 30 knots.

10,000 MEN RUHR PEACE SEARCH FOR OFFER SENT LOST BOYS TO AMERICA

Great Possibilities Organized in San Bernardino to Seek Two Youths Who Have Been Missing Since Saturday

Early Reports of Kidnaping Not Confirmed, Officials Decide to Examine Every Foot of Country Near City

SAN BERNARDINO, March 28.—(By the Associated Press.)—Launching the greatest search ever conducted in Southern California, more than 10,000 men assembled at the city hall here and started a systematic hunt for little Dickie Jensen, 6, and his younger playmate, Dean Meecham, 4, missing San Bernardino boys, who have been lost since last Saturday.

Responding to a general call broadcast throughout the city and surrounding country by Mayor S. W. McNabb of San Bernardino, farmers left their fields, businessmen their desks, bankers their offices and troops of Boy Scouts in uniform turned out to join in the hunt for the youngsters.

Before starting on the hunt today, the posse was addressed by Mayor McNabb, who exhorted the members of the organization to extend their greatest efforts in what is regarded as the critical period in the hunt for the boys.

Sheriff W. A. Shay and officers under his command then issued the necessary orders to the big group of men of which they had charge and the search was started.

Every foot of the country near here is to be gone over thoroughly. Every vacant house was to be inspected and every brush pile and old well were to be investigated.

The Jensen and Meecham boys were last seen playing near their homes Saturday. Early reports caused the officers to believe that gypsies had kidnaped the boys and a caravan of these nomads was pursued and searched without result.

S. F. POLICE ASKED TO AID SEARCH

SAN FRANCISCO, March 28.—The search for Dickie Jensen, 6, and Dean Meecham, 4, missing from their San Bernardino homes since Saturday, became state wide today when Chief of Police O'Brien, acting on a telegram from the police of San Bernardino, ordered a search of all Gypsy camps in this vicinity.

Search particularly was being made for a touring car said to be loaded with and thought possibly to carry alleged kidnapers of the two lads.

FOSTER DENIES PARTISAN BONDS

Quit I. W. W., Says Syndicalist Defendant On the Witness Stand

ST. JOSEPH, Mich., March 28.—(By the Associated Press.)—William Z. Foster, charged with criminal syndicalism, took the stand in his work as secretary-treasurer of the Trade Union Educational League.

Foster testified he has been a member of the I. W. W., Seamen's Union, Carpenters Union and other organizations. He quit the I. W. W., he said, "because I no longer agreed with its policies and program."

Foster described a trip to Russia in 1921 on which he attended the third congress of the International at Moscow as a visitor. He said the only relationship between the Communist party of America and his Trade Union Educational League was confined to an endorsement by the Communists of the league.

The witness said he first learned of the Bridgman convention of the Communists two or three days before he came to it. Foster said that he did not receive either a questionnaire or a portfolio at the convention. The state has introduced a questionnaire and a portfolio alleged by witnesses to have been Foster's property.

Lausanne Conclave To Meet April 15

GENEVA, March 28.—(By the Associated Press.)—The peace negotiations between the allies and Turkey will be resumed at Lausanne some time between April 15 and 20. This announcement was made at the conclusion of the Lausanne conference.

Germany Ready to Abandon Demands for Evacuation As Primary Basis of Parley; Won't Yield Territory

Proposals Also Forwarded to England, But Premier Law Thinks Them Unacceptable; Pope Urges Truce

BRUSSELS, March 28.—(By the Associated Press.)—The Belgian government has instructed its military headquarters in the Rhineland and the Ruhr that the Belgian troops shall participate actively in operations for the confiscation and shipment of coal and coke from government-owned mines in the occupied territory. It was said today.

ROME, March 28.—(By the Associated Press.)—Pope Pius XI is preparing to publish an Easter letter urging France and Germany to sign an agreement not to undertake any aggressions against each other. It was learned at the Vatican today.

U. S. PLEADS FOR BRAZIL REBELS

RUSSIAN PRIESTS CAPTURE TOWNS

State Department Sends Out Protest Against Proposed Moscow Execution

BRUSSELS, March 28.—(By the Associated Press.)—Belgium today joined the world effort to stay the execution of the Catholic archbishop of Petrograd and others condemned to die by a Russian court for resistance to the soviet system. The Belgian government has sent representations to Moscow, urging that the Russian government pardon the prelates.

MOSCOW, March 28.—(By the Associated Press.)—The appeal for clemency of the Catholic prelates and priests sentenced last Monday will be considered at the first meeting of the central executive committee to be held either tomorrow or next week, the government's amnesty department committee announced today.

WASHINGTON, March 28.—Representations of "unrested hope" that Archbishop Zepliak and Monsignor Rutchkavich of the Roman Catholic church may be spared from the death sentence passed upon them in Moscow have been made by the state department to the Moscow government through the American ambassador at Berlin. Definite announcement that the American government had taken this step to give expression to the humanitarian interest of the American people in the fate of the two ecclesiastics has been made by the department. The sentences have been characterized by department officials as an outrage against humanity.

A cablegram of protest also was sent by the National Catholic Welfare Council to M. Tchitcherine, people's commissar for foreign affairs at Moscow, declaring that carrying out of the sentences would "outrage not only the charitable and generous Catholics of America, but the entire Christian world."

Free State Troops Ambushed By Rebels

DUBLIN, March 28.—(By the Associated Press.)—Operations by Irish national army troops in which a number of irregulars were captured and others killed or wounded, and an ambush of an official army statement today.

"Troops" from Castle Island, County Kerry, captured five irregulars who refused to halt.

"A detachment of troops returning to Kenmare was ambushed by irregulars who killed a sergeant and wounded some of the soldiers. One irregular was killed."

The irregulars were surprised in a house in the Nengah area. Three escaped, two were killed and one was wounded."

Practically the entire staff of the third southern division of the irregular army was captured yesterday at Nengah, according to an official statement today. Other important captures were made at Toomavarra. Both places are in County Tipperary.

Dry Law Violator Sentenced to Jail

SAN FRANCISCO, March 28.—John De Salva, 1165 Eighty-third avenue, manufactured 13 gallons of brandy, he said, for medicinal purposes for his wife, but he was given 60 days in the Alameda county jail when he appeared in the federal court today. Other Oaklanders were fined as follows: H. C. Donovan, \$331. Telegraph, 2240; Michael Lough, 1223 Tenth street, \$200; Louis Church, Alameda, \$500.

Army Service Cut Passed By French

PARIS, March 28.—(By the Associated Press.)—The army services bill as amended by the senate was adopted by the Chamber of Deputies today by a vote of 414 to 144. of and in Argentina, primarily for cotton growing purposes, according to Montevideo.

European Press Sarcastic Over U. S. Efforts to Help Russia

Russia

MOSCOW, March 28.—(By the Associated Press.)—The Pravda ironically refers to American charity to Russia saying:

"When capitalist farmers have nowhere to sell their produce and are compelled to burn or throw their grain into the water, and if the industrial capitalists, owing to the same fact, are compelled to cut down production, then a cause is easily created for humanitarian action and for philanthropy if this activity is connected with the possibility of acquainting themselves with the Russian market and with exact information about the state of our economies in general, so to speak of the profitability and usefulness of the same. We therefore quite understand the noble feelings of Mr. Hughes and do not doubt the human feeling of the 'American government.'"

The conference was adjourned until next Wednesday after the submission by Wadsworth of the American State department's reply to the allied proposals. A counter offer was made by the European delegates.

France

PARIS, March 28.—(By the Associated Press.)—"America's bill is accepted by the allies as delivered," says Le Matin today in commenting on yesterday's conference between Eliot Wadsworth and the representatives of the allies who are endeavoring to reach an agreement on the reimbursement of the United States for the cost of America's Rhine army.

The allies "neither examine the basis of the demands," the newspaper continues, "nor do they protest against one American soldier costing more than three French, or the fact that the cost of football matches figures among the expenses."

The conference was adjourned until next Wednesday after the submission by Wadsworth of the American State department's reply to the allied proposals. A counter offer was made by the European delegates.

U. S. PLEADS FOR BRAZIL REBELS

Revolution in State of Rio Grande do Sul Makes Headway

MONTVIDEO, March 28.—All advice received from the Brazilian frontier agree as to the gravity of the situation in the state of Rio Grande do Sul, and the great extent attained by the revolutionary movement.

The capture of Rosario caused great alarm in Santa Anna do Livramento and in Quarary. The inhabitants of both these places fled, taking refuge in Ataquea, a Uruguayan town just over the border.

An uprising also is reported in Vianna, about ten miles from Porto Alegre. The rebels are said to have taken possession of three other towns.

Banditry has assumed large proportions in the southern part of the state.

BUENOS AIRES, March 28.—A Montevideo dispatch to La Nacion says that advice from the frontier town of Rivera report the capture of Alcorate by Brazilian revolutionaries. The town was fortified, and the government forces, although in possession of several machine guns, retreated without a fight. Many of their regiment are said to have gone over to the revolutionaries.

Three Killed in Bunkhouse Fire

RY UNITED PRESS. LEASED WIRE TO TRIBUNE. RIVERSIDE, March 28.—Three men were burned to death and two seriously injured when fire destroyed a two-story bunkhouse at Windsor camp of the Arlington Heights Fruit company at 5:15 this morning.

The dead: Thaddeus Barrow, 60. H. W. Goff, 55. R. P. Goff, 40, son of H. W. Goff.

The injured are: B. H. Abbott, who may lose both hands, and J. Bunting, who sprained both ankles when he jumped from the burning building.

The origin of the fire is unknown and as the construction of the building allowed for the safe escape of the occupants, the management of the company is at a loss to account for the tragic results. It is presumed the three men were overcome by smoke in their sleep. The inquest will be held at 9 o'clock tomorrow.

Valentino-Hudnut Marriage Illegal?

INDIANAPOLIS, March 28.—Edward Franklin White, deputy attorney-general of Indiana, in an informal opinion today expressed the belief that the marriage of Rudolph Valentino, film star, and Miss Winifred Hudnut at Crown Point, Ind., recently was illegal. No action against the couple is contemplated by state authorities, however, who point out that county officials are responsible for determining the eligibility of applicants for marriage licenses. Strictly interpreted, the Indiana law requires that the woman be a resident of the county in which the license is granted.

Baby and Faithful Dog Burn to Death

LEASD WIRE TO TRIBUNE. RIVERSIDE, March 28.—Two small bodies lying side by side in a burning wood house at the rear of the Clint A. White residence, told a pitiful tale this morning.

The bodies were those of little Mary Ellen Zivovich, 3, and her faithful police dog, the dog having been the constant companion of the baby.

Mary was the daughter of Mrs. Corinne Zivovich, and with her mother lived at the White home.

BERNHARDT FUNERAL IS IMPRESSIVE

Million Persons View Cortege Following Church Rites, Marked by Simplicity; Floral Tributes Hide Coffin

Cabinet Officers Attend and Scenes of Unprecedented Grief Give Evidence of Deep Mourning for Actress

By FRANK E. MASON, International News Service Staff Correspondent

PARIS, March 28.—Amidst almost unprecedented scenes of grief and lamentation, Mme. Sarah Bernhardt—the "divine Sarah"—was buried today. It had been announced there would be no sermon, no mass and no music, but at the last minute this program was changed. There was a low mass in the church of St. Francis de Sales, which lasted an hour. A funeral chant was sung and an orchestra played "Ave's Death" from "Peer Gynt."

The police lines were unable to hold back the enormous crowd which gathered about the church. Persons brushed past the guards and entered the church amidst great confusion. The solemnity of the occasion was marred by the trampling of feet. Many women crowded into the catafalque in an effort to see the coffin, which was hidden beneath a mass of flowers.

CORTEGE HALTS IN FRONT OF THEATRE.

The cortege, after the church service, passed in front of the Sarah Bernhardt theatre, where it halted for a minute.

Among the wreaths were three from the Lambs club, the Players' club and the Actors' Equity of New York. Many Americans were among the mourners.

An unconventional touch was introduced in the church service when the organ rapped loudly three times, the sign, in French theatre, that the curtain is about to be raised. This rapped the brief church service. The ballplayers were actors from the Sarah Bernhardt theatre.

The funeral cortege was more than half a mile long. There were about fifty carriages. The rear of the mourners were on foot.

FOUR CABINET MEMBERS PRESENT

Four cabinet members represented the government. They were M. Berard, M. Reibel, M. Strauss and M. Pate.

The Paris Midi estimated that 40,000 persons from all parts of the world signed the mourning register in the hallway of Mme. Bernhardt's home.

The streets in the vicinity of her home and the church had not such activity since the armistice celebration. It was estimated that 1,000,000 persons saw the cortege.

SILENT TRIBUTE PAID BERNHARDT

CINCINNATI, March 28.—For seventy-eight seconds, actors, actresses, stage hands and audience at local theatres will pause at 3 p. m. today in silent tribute to Sarah Bernhardt—one second's silence for each year of the famous actress's life.

State Salt Fields Can Be Exploited

BY ASSOCIATED PRESS. LEASD WIRE TO TRIBUNE. WASHINGTON, March 28.—Extensive salt deposits in San Bernardino county, California, were made available for exploitation under a ruling issue today by the Interior Department. A prospector who discovers the product upon the land must share the right to hold a lease upon payment of a specified royalty. Hitherto such deposits have been withheld by the government.

The California salt fields are said to cover an area almost as large as the state of Rhode Island.

Four Freeze to Death When Tug Capsizes

BY ASSOCIATED PRESS. LEASD WIRE TO TRIBUNE. NORFOLK, Va., March 28.—Four men were frozen to death today in Albemarle sound, near the mouth of the North river, thirty miles below Elizabeth City, N. C., when the tug Julian F. Fleetwood capsized during a storm. Five other members of the crew were rescued by the Annie Vansclver of the North River line.

French Fix Status Of Foreign Wives

BY ASSOCIATED PRESS. LEASD WIRE TO TRIBUNE. PARIS, March 28.—The senate committee on organization has approved a bill covering the naturalization of foreign women who marry Frenchmen. The measure permits a woman to preserve her nationality.

VITAL STATISTICS Marriage, Birth and Death Notices will be found on Page 10.

BRINGS HOPE OF RAIN FOR STATE

amers Report That They
Are Pounded by Worst
Gale of Season.

(Continued from Page 1)

It was recorded early today in the mercury fell to 13 degrees below zero. The previous low temperature record was in 1913, when 16 degrees was registered.

DETROIT, Mich., March 29.—Upper half of lower Michigan the entire northern part of the state today in the grip of a blizzard more severe than any experienced during the winter. A blizzard brought with it sub-zero temperature was raging today.

BOSTON, March 29.—The temperature in New England today set new low records for the season. In Boston early today it was below, making it one of the coldest mornings of the year. The lowest official temperature in New England was 16 below at Greenfield.

TORONTO, Ont., March 29.—Bringing Canadians who follow the news of local weather profits.

Memorial Sent on Fruit Car Shortage

TRIBUNE BUREAU, SACRAMENTO, March 29.—A joint resolution, memorializing congress to see to it that there shall not again occur a car shortage during the fruit shipping season in California, has been adopted by the senate. The resolution was introduced by Senators Herbert Slater and Frank Boggs.

This is an outcome of last year's calamitous situation in the fruit industry of California, when thousands upon thousands of pounds of grapes and other California fruit were allowed to rot in the orchards as the result of refrigerator car shortage. The shortage was believed to be a direct result of the railroad strike and of the condition created by the sudden ending of the coal miners' strike, when cars and engines were drafted from various parts of the country, and withdrawn from California points.

FOUR SPEEDERS FINED.
RICHMOND, March 29.—Police Judge C. A. Odell yesterday fined H. Loomis of Oakland \$10, and G. C. Trout of Berkeley \$20 on charges of speeding. H. Dibble and L. D. Grigon of San Rafael were fined \$5 and \$15, respectively, on like charges.

They were all worked up today over predictions that this year would pass without any summer. With the temperature at or below zero throughout these sections, the local forecasters barked back to 1916 for a parallel. In 1916, historical records say, there was frost in every month of the year. Corn and other crops failed to ripen and the northern United States, they say, was treated to a June snowstorm.

CASOLINE TAY BILL APPROVED

SACRAMENTO, March 29.—The senate finance committee last night reported out with a recommendation that it "do pass" a measure by Senator Arthur Breed of Piedmont, levying a tax of two cents a gallon on gasoline, the proceeds of which are to be used for the maintenance of state highways.

The original bill exempted gasoline used in stationary engines, tractors or for other farm purposes. An amendment was added placing gasoline used by rural mail carriers in the exempted class.

Another amendment was added to the bill changing the date it is to become effective from December 31 to August 31. Breed's author, said more than a million dollars would be added to the state's revenues by this amendment.

A third amendment provided that gasoline manufactured in California but shipped out of the state shall not be taxed. Breed told the committee that approximately \$18,000,000 would be realized in the next two years from the tax.

Senator Nelson's bill, which would force county authorities to specify on tax receipts whether such taxes were being collected for county or for state purposes, was passed out with a recommendation that it be passed. Nelson said this bill was designed to educate the public regarding the disposition of the taxes collected.

Things They Ask the Tribune

BUREAU OF INFORMATION

"Where is the U. S. S. Tern, Miss Sweeper 31, at the present time?"
At Panama with the fleet.

"Please tell me how to make a rose jar."
The rose leaves should be gathered in the early morning, and tossed lightly on a table in a cool, airy place. To fill the dew has evaporated; then put them in a large glass jar, sprinkle salt over in 1/4 inch layers of the rose leaves.

This can be removed by the application of a paste of salicylic acid and glycerine. A compress is applied over the paste, and the whole secured with adhesive tape. After about eight days the paste is taken off, the dead skin removed, and the application of the paste repeated. (As a rule it takes three times to remove.)

"Tell me how to adjust the glass globe of an electric bulb so they will hang straight."
Adjust the fixture itself so that it hangs exactly straight. "Is there anything which will remove fly specks from brass fixtures?" Rub with salt and vinegar and polish with whiting or any good brass polish.

"Will you please tell me the cost of a hunting license?" One dollar.
"How long is it good for?" For one year.
"Where can such a license be procured?"

HALF-FARE BILL GETS ASSURANCE

Definite assurance that Assembly bill 274, providing for half street car fares for school children in the Eastbay, will be carried has been given to Mrs. May Samuels, 1245 Forty-second street, who returned today from Sacramento where she has been lobbying in the interests of the bill. Mrs. Samuels declared that practically every assemblyman had given her definite promises that they were in favor of the bill's passage.

American Composer Gets Berlin Ovation

BERLIN, March 29.—The production of "The Beautiful Rival," an operetta by the American composer, Han Linpe, of Los Angeles, was hailed with a tremendous ovation on the occasion of its premiere in the German press today. This is the first time in German theatrical history that an American composer has had his operetta produced here.

Women Resist Cavalry Charge To Save Priest

BRESLAU, March 29.—(By United Press.)—The entire community of Wisnits—aroused by an attempt to arrest the village priest, Father Krakin, for some petty offense—banded themselves about the churchyard today and, weaponsless, fought off 200 soldiers.

Village women formed a phalanx, linking themselves together by interlarding their hair and tying their heads together. With this wall of womanhood, they completely surrounded the church in a double line and resisted for hours any attempt of the 120 infantrymen and eighty cavalrymen to penetrate it.

When finally a charge of cavalry crushed the human wall beneath the hoofs of horses, a second line formed about the door of the church, hurling hot sand and burning salt in the eyes of the soldiers.

Fifty-six women were arrested and many seriously injured. When the priest was taken out, the attack was renewed by men and four police were wounded.

PROTEST SENT ON PROPOSED SLASH

The influence of the 150 members of the University Elementary School Parent-Teachers Association of Berkeley was today thrown into the fight against slashes made by Governor Richardson in the budget for educational purposes.

A protest against the proposed slashes in the budget detailing the harmful retrenchments it will make necessary, were today sent to Governor Richardson, Lieutenant Governor C. C. Young, Senator Arthur H. Breed and Mrs. Anna L. Saylor and Frank H. Merriam, assemblyman from the Berkeley district.

The proposed budget, it is declared, will provide for only 70 per cent of the present enrollment in the teachers' colleges with the result that California would train less than one-fourth of the teachers needed for elementary schools. This and eleven other retrenchments that the budget will entail, are set forth in the protest.

Dr. Jesse Leazar, an American, lost his life fighting yellow fever in Cuba.

Marconi brought out his system of wireless telegraphy in 1895.

tion with France said from the submarine.

"I present to you that commander, the man who in times of peace sought to make our navy fit, and who in the great war made our enemy with the effective weapons which he had done so much to forge. That man in whom gallantry, ability and achievement find so high and splendid an expression."

Later in the afternoon Admiral Sims was the guest of Colonel William P. Burnham, commandant of the Presidio, and his staff at a review of the 30th Infantry and presentation of decorations. A distinguished service cross was presented to Mrs. Grace Aubert, 1750 Bridge avenue on behalf of her daughter, Miss Lillian Aubert, deceased, for her devotion to duty as an army nurse during the World War. Similar citations were presented to Captain Harold N. Gilbert, 30th Infantry, for exceptional valor in service overseas; Lieutenant-Colonel Beverly E. Browne and Roger S. Fitch; Miss Rebe C. Cameron, first lieutenant of the army nurse corps, and Dr. Alanson Weeks, 2513 Octavia street, San Francisco.

Last night Admiral Sims was the guest of the English speaking club at a dinner in the Fairmont Hotel, following a review of the naval training station on Goat Island.

The luncheon today marked the conclusion of the official stay of the distinguished guest in the Eastbay cities. He and Mrs. Sims are preparing to leave for Los Angeles, where Admiral Sims will talk before the various colleges and commercial organizations of that city.

Impressive Services Mark Easter Period

Ceremonies commemorating Good Friday with impressive services will be held at St. Elizabeth's Catholic Church, Fruitvale, tomorrow. During the ceremony, the Passion, taken from the gospel of St. John, will be sung by three soloists, one of whom is the distinguished priest, the Rev. Fr. John J. O'Connell, who is the spiritual director of the church. The choir of the church will also take part in the service. The service will be held at 8 o'clock.

Hotel's Register Wins Wife Divorce

SAN FRANCISCO, March 29.—Mrs. Clara Shadburne, 201 Rolph avenue, wife of W. R. Shadburne, Sacramento insurance broker, on a morning box went through friend husband's pockets and found a match pad with the name of the Hotel Sutter. It didn't look right to her and she called up the hotel asking for him. "Mr. and Mrs. Shadburne have checked out and gone back to Sacramento," she says she was informed. Investigating she found Shadburne had signed the register, and she borrowed the leaf. On the strength of it Superior Judge Cavanius gave her a divorce today.

Hold-Ups Take \$215 And Victim's Watch

SAN FRANCISCO, March 29.—Just as he stepped from an owl car at Eddy and Gough streets at 4 o'clock this morning, Emanuel Voyages of 851 Eddy street was held up by two men who had been lurking in the doorway. The robbers took \$215 in cash, his gold watch and diamond stickpin. They threatened him with death if he made any outcry and directed him to walk through Jefferson Square and not turn around.

Pay Later—Dress Well

Miss Marymont's Millinery, 541-15th St., San Francisco, will accept orders for dresses and suits on a "pay later" plan.

Pattern Hats for Easter

They're adorable models, with original designs that will suit the most discriminating taste.

Each one has an air of charm and distinction.

ALAMEDA COUNTY SOLONS DIFFER ON SALARY CUTS

Majority, Minority Reports
Prepared on Government
Measure.

TRIBUNE BUREAU, SACRAMENTO, March 29.—The Alameda county legislative sub-committee, consisting of Senator Frank Carr, chairman, and Assemblymen Frank Anderson and E. H. Christian, has completed a majority and a minority report on county government. The two reports will this evening be submitted to a caucus of the entire Alameda county delegation, which was to have been held last Monday, but which was put over until today.

As was predicted in THE TRIBUNE, the majority report practically maintains the "status quo" of county government expenditures. The minority report, which is that of Assemblyman Christian, would reduce a number of salaries, effecting a total annual saving of about \$6000.

The majority report, signed by Senator Frank Carr and Assemblyman Frank Anderson, stipulates that chief deputies in county offices, where there are ten or more deputies, shall receive salaries of \$3600 per annum each. Where county offices employ less than ten deputies, chief deputies will receive salaries of \$3000, on the theory that responsibility in such offices is not so onerous.

The chief deputies in the offices of the county superintendent of schools, the county auditor and the county treasurer all come under the latter classification. Chief deputies in the surveyor's office and in the district attorney's office will receive \$3600 per annum, in view of the fact that the work performed by them is of a professional nature.

According to Senator Carr, the new adjustment cuts the expenditure of the assessor's office by \$500, whereas the cost of the superintendent of schools department is lowered by \$600. Taking all increases in salaries into consideration, together with other adjustments, Senator Carr declares that the cost of county government will not be increased by more than \$1000 a year, under the majority report.

Assemblyman Christian's minority report recommends:

1. That the county clerk shall only receive his salary of \$5000 per annum, and that he shall no longer enjoy the further annual income of \$1800, constituting fees derived from the sale of hunting and fishing licenses.
2. That the salary of the clerk of the board of supervisors be reduced from \$3000 to \$2400 per year.
3. That the chief deputy in the

Barnet Suggests Novel Solution of Crime Problem

TRIBUNE BUREAU, SACRAMENTO, March 29.—A novel solution of the crime problem in the state of California is being suggested to members of the Legislature by Sheriff Frank Barnet of Alameda county, who arrived at the state capital today. Sheriff Barnet, who is president of the Sheriffs Association of the State, has a plan whereby two large state prison farms, of 20,000 acres each, would be established on uncultivated or unimproved land. The clearing and improvement of these farms would then be undertaken by narcotic addicts, and by prisoners who have violated the law for the second time. In this manner, the Sheriff says, would the state solve the problems not only of making productive its waste lands, but the prisoners also would be put to work, with the result that their "morale" would be improved in the execution of useful public work.

Sheriff Barnet does not expect the present Legislature to pass a bill to this effect, but he believes that a measure may be placed on the initiative ballot.

According to the Sheriff the plan has been tried with much success in Florida, where the state has bought large tracts of waste lands, which have been improved and drained by prisoners with excellent effects all around.

The plan, as suggested, would provide that each county pay for the upkeep of the prison farms at a certain fixed sum for each prisoner. Temporary jails would have to be constructed on the waste lands, the Sheriff says.

county clerk's office be reduced from \$3500 to \$3000.

FURTHER REDUCTIONS.

4. That the salary of the chief deputy in the tax collector's office be reduced from \$3600 to \$3000.

5. That the chief clerk in the tax collector's office be reduced from \$2700 to \$2400.

6. That the cashier in the tax collector's office be reduced from \$2400 to \$2160.

7. That the chief deputy in the assessor's office be reduced from \$3000 to \$2700.

8. That the chief clerk in the assessor's office be reduced from \$3000 to \$2400.

9. That the chief deputy in the superintendent of schools office be reduced from \$3000 to \$3000.

It is expected that the majority report will be accepted by the caucus, with some slight changes. The report will then be embodied in an Alameda county government bill, which will be introduced to the Legislature. It is believed that Assemblyman Christian will embody his minority report in a bill of his own.

STATE BUDGET HEARINGS ARE FINALLY CLOSED

Whole Financial Controversy
Will Be Threshed Out in
Senate and Assembly.

SACRAMENTO, March 29 (By the Associated Press).—The joint hearings of senate and assembly finance committees, which have considered the proposed financial budget daily for the past three weeks, came to a close with the statement of Will J. French of the industrial accident commission. Now the senate committee on finance and the ways and means committee of the assembly will give the various budget items further consideration in committee, and finally the whole question will go to the floor of senate and assembly for action there. Until all these steps are taken no other campaign carrying appropriations can be considered.

Senator Jones of San Jose expressed the view of a number on the committee, he said, when he asked if the board of control, or anybody else, had any suggestion as to how the legislature was to bridge the chasm between the ideas of the heads of departments and of the board of control about the financial needs of the departments. "They are a long ways apart and they each maintain their rights," said the senator. "For instance, we've got the industrial welfare commission here saying that \$32,000 is its minimum budget, while the board of control allows it a maximum of \$31,000. Something's wrong. What I want to find out is who is wrong, and how are we going to bridge this gap?"

BUT NOBODY ANSWERS.

Jones cited a half-dozen other instances and repeated his query, but nobody answered it.

The first speaker yesterday was A. B. C. Dohrmann of the Industrial Welfare Commission, which is charged with the duty of fixing a minimum wage scale for women and children, and then enforcing it.

Dohrmann reviewed the work of the commission. Senator Harry Chamberlin asked some questions about the expenses and per diem allowed Mrs. Katherine Phillips, executive commissioner, showing that she drew in one way and another from \$300 to \$350 monthly. Dohrmann explained that Mrs. Phillips was doing work formerly done by a secretary, and was compensated accordingly. He said, however, that the expenditure in her behalf was actually an economy, because if a salaried secretary was retained, she would still be entitled to expenses and per diem, with a resultant duplication of some of those items.

Rosenbush drew the attention of Mrs. Nellie Brewer Pierce of the state board of control to what he said was a continuing biennial appropriation of \$30,000 for the support of the industrial welfare commission, and asked whether the board considered that in setting the proposed budget of \$31,000, Mrs. Pierce said she had not, and that if such an appropriation existed it would be necessary to change the budget figures to meet that condition.

ADJUTANT GENERAL HEARD.

Adjutant General J. J. Borree was the next department head to be heard. Borree said he had need for about \$572,980 for his department, which was about \$146,000 more than was allowed. He said, however, that the department could exist on the budget allowance, but could not expand, and that an added allotment of troop equipment to the state from the federal government would therefore be lost.

He said the federal government provided arms, ammunition, equipment, transportation, and pay for drills on the federal scale, to the state troops, and that these were all available for more units, but could not be accepted without an increase.

It was developed by questioning that Borree believed the high school cadets could be maintained, even with his reduced allowance, but that no subsistence for their summer camps could be allowed.

Will J. French of the state accident commission was called. French gave an extended talk in which he urged the retention of some inspectors in his department, and some referees to take cases who had been dropped from the budget by the board of control.

MRS. PIERCE EXPLAINS.

Mrs. Pierce replied to this that the inspectors were employed in inspecting boilers and elevators that were insured and therefore under close inspection by the insurers, and that the work was a duplication; the referees had been dropped, she said, because the members of the committee thought the mem-

bers of the committee should devote more time to hearing cases themselves, which would lessen the need for so much help.

Chairman E. C. Gage called a list of some half dozen department heads who had previously sought leave to appear, but as none of them responded, he declared the joint sessions permanently adjourned.

Neuritis, the Nerve-Wrecker

Those who have experienced the agony of a well-developed case of neuritis know its baneful influence upon the entire nervous system. Many sufferers, tortured in mind and body and driven to despair by the ravages of this insidious disease, have finally sought relief through self-destruction.

The first indication of neuritis is usually a sharp, cutting pain in the shoulder, neck, forearm, thigh or leg, sometimes accompanied by numbness in the muscles, stiffness in the joints or numbness in the hands or feet.

If you suffer from neuritis, don't experiment! Take Epsa Neuritis Tablets—a treatment that has proven its merits in hundreds of stubborn cases. Indorsed by many leading physicians. Guaranteed to be free from narcotics and coal-tar products. Price \$1 at Epsa's & Runyon Co., 425 Fourteenth St., Oakland, 14, Newell St., San Francisco. Advertisement.

Los Angelenos Win First Reapportionment Fight

By E. VAN LIER RIBBINK.
TRIBUNE BUREAU, SACRAMENTO, March 29.—An unexpected victory was scored by the Los Angeles delegates in their fight for constitutional reapportionment, when the Assembly committee on the measure, contrary to all predictions, did not "kill" Assemblyman Ed. Baker's reapportionment bill in committee, but passed it out for discussion on the floor of the Assembly. Though the committee has attached to the bill a recommendation that it should not be adopted by the Assembly, there is no denying the fact that the Los Angelenos have won their first skirmish with the alleged "undivided" forces of the North.

Yet the bill did not pass through committee without a hard battle, in the course of which threats were made by Assemblyman Harry Lyons of Los Angeles that "if the committee was going to strangle and chloroform the bill" the Los Angeles delegates would find opportunity aplenty to retaliate in kind, and to mete out similar treatment to any and all measures on which the north have set their hearts.

STIRS STORM OF PROTEST.

This challenge was the signal for a storm of protest, and Chairman Frank Ekwad of Burlington unsuccessfully endeavored to persuade Assemblyman Lyons to withdraw or at least modify his remarks. Two other assemblymen from Los Angeles, Henry Carter and Elmer Bromley, thereupon announced that Lyons was but "speaking for himself" and that his attitude did not reflect the sentiment of the remainder of the Los Angeles delegation. This intimation on the part of Lyons' colleagues did much to assuage the wrath of the northerners, and the bill was subsequently reported out by a vote of 12 to 5.

Among those voting "no" was Assemblyman Richard Lyman of Oakland. He had previously announced that he intended to abstain from voting on the motion to "table" the bill as a matter of legislative ethics. He added that "as a matter of principle he was opposed to re-apportionment at the present time."

Several moves to "kill" the bill were made by Assemblyman William Hornblower and other San Franciscans during the meeting, but there was a steady opinion among a majority of the members that, though most of them would vote against the measure in the Assembly, the south yet deserved

an opportunity to make its voice heard out of committee. The San Francisco delegates are particularly opposed to the Baker bill, since, in giving Los Angeles an additional six assemblymen and two senators, it would deprive San Francisco of one assemblyman and one senator.

SENSE OF SECURITY GONE.

The action of the committee has put an entirely different complexion on the whole reapportionment issue. The "cow county" representatives, as well as a majority of the San Francisco and Alameda county delegations, had been going about ever since the legislature reconvened following the recess, telling all and sundry that "reapportionment was a dead issue, and that the matter would never come up for discussion."

Now this sense of security has been rudely interrupted, and as one assemblyman from the rural district put the matter: "As usual, we have been resting on our laurels, while Los Angeles has been shining. There is no saying what will happen when the bill comes up before the Assembly. There may be other desertions."

DR. DOZIER'S COMMENT.

Dr. Ernest Dozier, the assemblyman from Redding, who led the fight on reapportionment when the senate was the subject of a public hearing recently, commented in sarcastic vein on the latest development as follows:

"The action of the committee today has resulted in putting on record all the southern California members of the reapportionment committee as being opposed to the passage of the bill, since they voted it out with the recommendation that it 'do not pass,' and it was exclusively their votes which brought it out. Are they now going to reverse their votes on the floor, on the theory that the end justifies the means? What is it that they have not already taken, and which apparently they cannot get, which will be accessible to them after reapportionment, according to their ideas? Under the present method of apportionment it is rare for them to be denied anything for which they ask. It seems doubtful that a mere glory of greater representation is the only thing they desire. The only other state in the Union in a similar position to California in connection with reapportionment, both as to constitutional provision and to population density, is Illinois. Illinois has consistently violated her constitutional pro-

THREE-FOURTHS JURY CHANGE TO BE BEATEN, CLAIM

Modification of Domestic
Relations Court Plan
Wins Approval.

TRIBUNE BUREAU, SACRAMENTO, March 29.—Another sharp tussle in the senate of the proposed constitutional amendment whereby juries in criminal cases would be able to convict on a vote of three-fourths of their members. The motion for reconsideration which was recently advocated by Senator T. C. West of Alameda, Senator Edgar Hurley of Oakland and others, has therefore failed to check the measure in the senate, and the amendment now goes to the assembly where, according to present indications, it will be defeated.

Passage of Senator Hurley's bill for the establishment of domestic relations courts in counties where there are more than three superior court judges, was joyfully hailed by the leaders of the women's lobbies at the capitol. Mrs. O. E. Chauncey of Piedmont, president of the women's legislative committee, representing 35,000 club women of the state, declared that the bill will fill a long-felt need, since it places adjudication on divorce and separation cases in the hands of experienced judges.

A feature of the vision concerning reapportionment for over 20 years, because they do not dare to permit Cook county to dominate the state. Southern California is another Cook county. What we do not want is reapportionment according to the present terms of a state constitution which, in 1879, was conceived in political iniquity and greed to maintain the seat of political power at the bay, where the center of population then was. It must not be possible for the thinly settled portions of the state to be more efficiently looted by the denser sections than they are at present, and as southern California was looted in the earlier days of the present state constitution, when she was little but a lot of "rancheros" two wrongs cannot make a right."

fight to put this bill through was the fact that the representatives of the sparsely populated counties of the state were at first bitterly opposed to the measure. Thereupon it was amended to the effect that it does not affect any longer counties with more than three superior court judges.

COUNTRY OPPOSITION FADES.

Then, as if by magic, the "country" opposition faded away, and as one legislator, who hails from a mountain county said: "We are now in favor of the bill, since it does not affect us any longer."

We recognize that it is a good thing for the cities, for the domestic relations of you city people are just as much your own as ours. We are sure—go ahead—we all agree with you that you are in urgent need of this sort of court. Anything to reduce the ever-growing divorce rate of the cities.

Representatives of the various California oil companies began to make their appearance in and around the capitol today, probably in anticipation of the fight that is scheduled to come off next Monday, when Assemblyman S. L. Heisinger's bill to class the oil industries of the state as public utilities comes up for discussion.

FAVORS STATE CONTROL.

Assemblyman Heisinger would place the oil companies directly under control of the state railroad commission, and, needless to say, the excitement in oil industry circles is considerable, especially since it is said that a large number of senators and assemblymen favor the plan. It is impossible to say, however, just what backing the measure will have when it comes to the vote.

The Heisinger bill is closely related to the hearings that have been conducted by the assembly oil industry committee, presided over by Assemblyman Foster of Fresno county. This committee has just tabled a resolution by Assembly-

ROLL YOUR OWN WITH Rita La Croix Papers Attached

Why stay at home to cook?

You wouldn't spend your afternoons over a hot stove if you had a servant to do your cooking.

Then why not get one — an "automatic servant" — and more than cut your wearisome "pot-watching" kitchen hours in half?

The Westgate Automatic Electric Cooking Cabinet is a wonder "servant" which asks no salary and needs no watching. It cooks your dinner electrically while you do those "other things" you have always longed to do.

Let The Westgate Help You

The Westgate is an automatically controlled electric oven which operates from an ordinary light socket—no expensive wiring—and cooks at less cost than the ordinary cook-stove.

Its great labor-saving feature is: It cooks while you play. You put your raw food in after breakfast or when you like—set a simple alarm-clock control to turn on the power at a given time—then forget it until dinner time.

Make Us Prove It!

We know that The Westgate is the greatest boon to women developed in 25 years. But we do not expect you to take our unsupported word for its qualities. All we ask is: Give us a chance to show you, without obligation, what The Westgate will do.

When you are sending in the coupon for our free booklet, write below the day and hour when we can send a trained Demonstrator-Service Woman into your home and cook you a Westgate meal—without obligation. Let The Westgate demonstrate at the leading stores listed below:

Westgate AUTOMATIC ELECTRIC Cooking Cabinet

Now being demonstrated at:

Oakland: Kahn's, Brunner's, Hoshies, Scott Butcher's, Schleuter's, Berkeley: Campanile Electric, White Electric, Alameda: Strom's, Volkmann, Hirschmiller, Pioneer Electric, San Leandro: Maywood Electric Co. On display at P. G. & E. and Western States.

WESTGATE SHOP Webster Street and Grand Avenue

SIX REASONS you should have a WESTGATE

- 1 REDUCES YOUR KITCHEN 1 HOUR in 10 minutes
- 2 BAKES POTENTIALLY IN 30 MIN. 100% more delicious than any other method
- 3 NO EXPENSIVE WIRING 3¢—just attach to light socket
- 4 POWER COST LESS THAN AN IRON
- 5 YOUR COOKS FREE TO ENJOY 5¢—no watching necessary
- 6 NO "JUST ANOTHER OVEN"—and not a fraction larger

Be the best-dressed woman, on Sunday —especially when a good Roos Suit can be bought as low as \$29.50

You may wear a Roos Coat and a Roos Dress; or you may prefer a Roos Suit, which makes a new coat unnecessary for Sunday, as far as the "Easter Parade" is concerned. Box-back, Jacqueline, or Straight-line Suits, man-made and man-tailored, are as low as \$29.50 here — and there's still time to get one for Easter!

Easter Blouses, to harmonize, \$5.95 up! Easter Hosiery!

5000,000 BLAZE

LOS ANGELES, March 29.—(By Associated Press.)—Fire, which started today at 10:15 a. m., early today swept through the East Seventh street building, causing damage amounting to \$500,000, according to company of fire.

night watchman fifteen minutes after he had inspected the building. A fire-fighting apparatus arrived at the interior of the building was ablaze. A ripped screen over a locked window and marks on a window sill led the officials to believe the fire was caused by incendiaries. The fire is thought to have started in the bindery room of the plant.

PULLMAN CHILD DEAD.
RICHMOND, March 29.—(By Associated Press.)—The 13-month-old daughter of Mr. and Mrs. Ray Wilson, died at the family home, 212 Thirty-seventh street, Pullman, last night.

KENTUCKY WOMAN AND THREE MEN KILLED IN FEUD

Hillman's Wife Opens Fire As Posse Calls On Family to Surrender.

HARLAN, Ky., March 29.—(By Associated Press.)—The danger of an outbreak of the feud warfare for which these Kentucky hills are famous was apparent everywhere today as a result of the killing of four persons when a "posse" of 22 men opened fire on a barricaded cabin. One of the dead is a woman. Although the raiders were reported to be in quest of illicit liquor, that explanation is snuffed at by feudists. The battleground was at the mouth of Bench Fork creek, in Leslie county. The section was invaded by the posse from Harlan county, who surrounded the humble cabin and hid behind piles of cordwood. They called on the occupants to surrender. The answer was a rifle barrel thrust through a small window, a flash of red flame and the crash of a heavy caliber projectile. Instantly, twenty-two rifles, every one of them 50-75s, roared. The Strong and his wife and George Strong, occupants of the stockade, were slain. So was Kelly Walker, one of the posse men. Under a rickety bed in the cabin were huddled the five frightened screaming children of the Strong. None of them was hit. It was reported, rather proudly, among friends of the Strong, that it was Mrs. Strong who fired that challenging shot in defense of her home that provoked the salvo from the invaders.

Kino Alfonso Washes, Kisses 24 Beggars' Feet

MADRID, March 29.—In the salon of columns in the royal palace, King Alfonso today washed and kissed the feet of 24 beggars, an historical Holy Thursday ceremony. The monarch knelt humbly in front of the beggars and with a small towel gently bathed the right foot of his lowest subject. The Bishop of Zion then placed holy water on the foot, after which his majesty touched it to his lips.

The queen and twelve Spanish ladies likewise were thus honored. When this was concluded, the beggars were taken to the tables and the king and queen served them with food, giving them baskets to carry home what they could not eat.

STORE'S NATAL DAY OBSERVED BY EMPLOYEES

Employees and officials of Mosbacher's cloak and suit house, celebrated the store's thirty-second anniversary last night. George Mosbacher, founder of the business, 1 Mosbacher of New York, and Ben Mosbacher, active head of the firm entertained the entire staff of employees at a dinner on the main floor of the store. The room was decorated in flowers, and following the dinner there were several speeches. The affair closed with a dance.

Police Called Four Times, Says Wife

Actions of Donald R. Gillies of Berkeley forced Phyllis M. Gillies to call for police protection on four different occasions, according to testimony she gave today before Superior Judge James G. Quinn. Mrs. Gillies testified that the actions of her husband, who is an employee of a telegraph company, resulted in calls for the police on Easter, 1922; May 1, 1922; June 29, 1922, and July 2, 1922. The wife further testified that in November, 1922, her husband followed her to the home of a girl friend, forced his way into the house and was ejected by a son of the family. The couple were married May 14, 1920, and separated May 16, 1922. Roger Williams, expelled from Massachusetts, founded Providence and granted absolute religious freedom.

DANCER'S SLAYER FLED IN TERROR; EVIDENCE SHOWS

Marks in Sand, Scattered Articles Marked Flight of Phantom Suspect.

SAN DIEGO, March 29 (United Press).—Evidence of the hurried flight of the slayer from the scene of Fritz Mann's death on Torrey Pines beach was before the jury today in the case of Dr. J. L. Jacobs, charged with slaying the 29-year-old interpreter of Oriental dances.

In the testimony of witnesses as to marks on the sand, the disposition of the slayer's clothing and the phantom shadow of a man, fleeing panic-stricken from the scene, casting out of his machine as he went the girl's vanity case, handbag and clothing.

By none of the testimony so far has shown this phantom shadow plainly enough to make it recognizable as Dr. Jacobs.

With only six of the state's 25 or 30 witnesses called, and with the announcement today that the trial will be adjourned until Monday because of Judge Marsh's crowded juvenile court calendar, to which he must attend Friday and Saturday, it was estimated that the Jacobs trial will occupy three weeks.

As the testimony goes deeper into the circumstantial facts of the case the crowd grows. This morning the usual vanguard of spectators was on hand long before the courtroom doors opened at 9 o'clock.

Much importance is attached by the prosecution to marks on the sand near the girl's vanity case and handbag. These cone-shaped impressions, it is claimed, indicate that the articles were thrown from a moving vehicle.

This was the conclusion drawn by several witnesses themselves, but defense attorneys succeeded in having the witnesses' personal opinions stricken from the record.

VOLSTEAD'S CAR KEEPS THIRSTY HORSES "DRY"

WASHINGTON, March 29.—An automobile owned by Andrew J. Volstead, author of the dry law, fell foul of police regulations here today by preventing a couple of thirsty horses from getting a drink. As a result, Miss Laura Volstead, driving, forfeited \$2 colateral on a charge of parking in front of a public watering trough. The congressman himself was not present.

MEMORIAL HELD FOR DEATH ROLL OF ROTARY CLUB

Impressive Features Mark Service at Hotel Oakland Yesterday.

Roll call of members of the Oakland Rotary Club who have died since 1915 was one of the impressive features of a memorial service held by that organization at the Hotel Oakland yesterday. The program was given by Group 7, with Harry Newman presiding and Max Horvinski directing, aided by Bert Anderson.

A floral gateway back of the speakers' tables was topped by an arch bearing the legend, "Lest We Forget." The first number of the program, dedicated to those departed members who had been seafaring men, was "Rocked in the Cradle of the Deep," sung by Frank Egan. The second number on the program, was played by the Arion Trio. Other numbers were "Home, Sweet Home," sung by Mrs. Roy Munsell; "Over There," played by the Firmen's Band, symbolizing the war days; "The Lost Chord," sung by Fred Anderson; "The Joy We Miss," by Edgar Guest, recited by Miss Sophie Kulchar; "Sally in Our Alley," sung by Hugh Williams and "The End of a Perfect Day," sung by Mrs. Hal Atkinson. The various numbers of the program were linked together by a series of brief talks by Max Horvinski. He also called the roll of the members who died since 1915. The list follows:

William Rutherford, Harry H. Gribben, Dennis Seales, Douglas Hilton, Ezra Henderson, Theodore Richards, A. P. Ady, Ward Patton, Eric W. Pollard, W. B. Burbeck, Pasquale Kisch, George Morgan, Fred Hink, Robert A. McWilliams, Herbert P. Glasser, Ernest Fetter, Samuel Jack Block, Fred Bischoff, Benjamin McNutt, Joe Roper, Charles McCall, Earl Crabtree, George Hughes, John Manerhan, George Roos, Mat Reeves, Ed Sanborn, Howard Swift, Harvey Williams, Goodwin Thompson and E. C. Lyon.

The members of Group 7, which had charge of the program are: Harry Newman, chairman; Max Horvinski, Jack Miller, Herman Munsell, Jack Block, Fred Bischoff, Benjamin McNutt, Joe Roper, Charles McCall, Earl Crabtree, George Hughes, John Manerhan, George Roos, Mat Reeves, Ed Sanborn, Howard Swift, Harvey Williams, Goodwin Thompson and E. C. Lyon.

LABOR BOOMS ZEB KNOTT.
RICHMOND, March 29.—Supervisor Zeb Knott of Richmond has received overtures from organized labor of Alameda county to become a candidate for a director of the proposed water district, it is reported here.

The Home, the Heart of the Nation

is the subject of an Address by

DR. WILLIAM L. SULLIVAN

of New York

TONIGHT AT 7:45

FIRST UNITARIAN CHURCH

14th Street, 3 blocks west of City Hall

NOTE: Good Friday service tomorrow night. Dr. Record speaks on "The Discipline of Disappointment." Solo by Wellington Smith, "God My Father," from the Seven Last Words by Dubois.

Easter Sunday night, at 7:45, the final service of the series will be held at the Auditorium Theatre. Dr. Sullivan will speak. Special music.

If you build

your own home you'll take a lot of pleasure with it, provided you build it right. Do not make the common mistake of WISHING you had new conveniences AFTER your building is finished.

Look before you build

Then you can include just the right type of heating plant, of lighting and plumbing and all the rest of the things that give a home comfort these days.

Look before you build and choose the materials and devices that please you most.

You can see all competing lines here at

First Annual—East Bay Better Building Show

Thousands have visited this educational exhibit. Many have decided to change their plans entirely after seeing some new type of material or fixture that they liked.

Come today or tomorrow and see for yourself. The show is free. There is no obligation to buy. Just look and ask questions.

Only 3 days left Come Tonight!

EASTER PERFUMES

Imported—Domestic
Easter time is perfume time! It is the time to remember those who are dear to you with some such sweet remembrance as perfume. Flowers fade, while perfume seems to have the life everlasting element so typical of Easter time.

Among the perfumes featured at our stores are the products of

Houbigant's	Piver
Huadnits	Coty
Roger & Gallet	Kerkoff
Rigaud's	Palmer's
Calgates	Caron's

If you can get a sample, or better still, an empty bottle of her favorite perfume we will match it for you.

Other Easter Suggestions

Face Powders	Rubber Toys
Ivory Pyralis Articles	Decorated Rubber Balls
Smelling Salts	Toilet Waters
Hand Bags	Perfumers
Beaded Bags	Bath Salts
Incense and Incense Burners	Vanity Cases
Easter Stationery	Utility Bags
Fountain Pens	Candy Jars
Kodaks	Eversharp Pencils
Flashlights	Kodak Albums
Wallers	Pocketscopes
Canes	Billforders
Safety Razor Sets	Watches
Auto Lunch Kits	Colpnurses
Travelling Bags	Suit Cases
Rollups (Fitted and unfitted)	Collar Boxes
Pluffy Jumping Rabbits	Kewpies
	Floating Toys

Auto Lunch Kits Reduced

Inasmuch as the wholesale cost of lunch kits has been reduced we have marked down our entire stock in proportion.

usual policy of giving our customers advantage of replacement prices even though the stock on hand may have cost more. Prices range now from \$7.50 to \$37.50.

An Inexpensive Easter Hat

We do not sell millinery, but we do sell "Blackie" which is a hat dye which makes an old straw hat look like a new one.

and Green and will make a new hat out of an old one in about five minutes.

We give you a brush with each bottle. Any one can use it successfully. Price 25c.

New Bath Caps

The new styles for the 1923 bathing season have just arrived and they are even more attractive than ever.

Each year we marvel at the novel and attractive effects produced in bath caps which are not only used for bathing, for example, a great many people wear them around the house while dusting. Prices range from 50c to \$1.00.

Jumping Easter Rabbits

Little fur rabbits with a tube and bulb attached which makes them jump around just like they were alive.

A wonderful attraction for any kind of an Easter celebration. You will wonder how they can be made for 50c each.

EASTER EGG DYES

All Kinds

If ants are troubling you remember "Argo Ant Poison" stops them.

And if bugs are on your roses "Bowman's Rose Spray" gets 'em.

TWO IN JAIL FOR THEFT OF AUTO

Police Inspector William Smith left today for San Jose to return to this city William Carter and Alfred Mead, both colored, who were arrested in that city following an automobile accident and subsequently connected with the theft of the machine from this city. The automobile is the property of E. T. Lester, 3691 Webster street, according to police, and was stolen on March 17.

ANDERSON RETAINS DRY JOB, NEW YORK, March 28.—The board of directors of the Anti-Saloon league of New York has announced that William H. Anderson has been unanimously re-elected state superintendent for the coming fiscal year beginning May 1.

FRIENDSHIP IS CULPRIT'S MAIN HELP IN COURT

ALAMEDA, March 28.—A test of true friendship between Olef Nelson and O. P. Stephenson, Alameda men, which was demonstrated in the Alameda police court resulted in Judge L. R. Weinmann announcing he commended the act and would mete out as light a sentence to the real culprit as possible.

Nelson was arrested for driving a car without any license. When his name was called in court this morning, Stephenson replied, telling the judge he was there to take the punishment, as he was really the real law violator. He said that, having just purchased a second-hand car and not having an operator's license, he asked Nelson to drive the automobile to his home. While en route, the arrest occurred.

Stephenson was forbidden to operate a car for the next thirty days.

All Kinds of Surprises Prepared For Tribune Kiddies' Easter Party

Getting ready for "EVERYONE JOIN IN," one of the feature numbers on the big free Easter show Saturday morning. In the back row is OWEN SWEETEN, orchestra leader at the American, with ELVIRA BROPHY left and JUNE SAVAGE right, two members of the Tribune's Juveniles. Lower row, left to right, are ADELE LEAHEY, GLADYS SILVA, EVELYN NASSAU, JUANITA OLIVERA and DOLORES DAJAS, other members of the troupe.

One-Act Playlet Is Feature of Saturday's Entertainment at American Theater

Some show is what all the TRIBUNE American Kiddies of Oakland will be saying next Saturday after witnessing the Easter party to be staged by the TRIBUNE and American theater.

All kinds of surprises and feature numbers are on the program. Surprises and features which you are sure to enjoy, besides new faces, songs and dances supplied by the TRIBUNE's Clever Juveniles. One of the big features will be the one act playlet, "In an Easter Garden," which has been written by Beverly Swager, director of TRIBUNE Juveniles. The little play is being

coached by Miss Bernice Claiborne, coach for specially numbers for TRIBUNE Juvenile shows who was a former member of the troupe.

The play depicts a scene from a beautiful garden on Easter morning and has for characters Easter Bunnies, a Quaker Little Easter Rabbit, an Easter Chicken, The Easter Songstress and the Spirit of Easter. Adorable and clever little performers make up its cast. Adele Leahey will be the Quaker Little Rabbit, and you'll think she is some rabbit, when you see her. Gladys Silva will be the Spirit of Easter, Elvira Brophy is to be

Ball Teams to Open Swimming Season

ALAMEDA, March 28.—The swimming park will open next Saturday afternoon when seventy-five juvenile members of the city parks baseball team will be the guests of H. E. McDonald, who for many years has been in charge of the recreation stand and bathing house at the park.

A bean feed will precede the swimming party. Easter Songstress, which means you will hear some fine singing. June Savage plays the Easter Chicken with a special costume and dance to enter and when you see Juanita Olivera, Dolores Dajas and Evelyn Nassau as the Little Easter Bunnies you'll want to pick them right up and take them home with you.

Another special and dainty number is to be offered by Evelyn Grace Cavanaugh, and her dancing chorus (Ruth and Dorothy Hogland, Marion Cavanaugh, Margaret Loustean and Marion Collier) nearly all new performers whom she has coached in a special dance called, "The Dance of the Easter Lillies." Special costumes are being designed for this number.

Wilma Bradbury will sing the popular song selection "Marchetta" in her own inimitable way and manner. Bernice Blundon will appear in a song and dance number called "Vamp Me." Dudley Manlove will put on a dance specialty. Alberta Blair, an old time favorite and member of the troupe will sing "Down Where the Bamboo Babies Grow," and Telma and Doris Hubbard will appear in a boy and girl number, singing one of Gus Edwards' famous songs, "Little Tattle Tale." Some juvenile program don't you think? Mrs. H. G. Clayton will be accompanist.

The American theater has a special treat in the way of an advance showing of "Nobody's Money," with Jack Egan as a leading man. This picture will be one of the regular bill, starting Saturday matinee, March 31. It is all free to the TRIBUNE American Kiddies.

Owen Sweeten, orchestra leader at the American has a special surprise number in store for you. He and a number of his talented musicians together with a few of the TRIBUNE Juveniles are going to put on a stunt called "Every One Join In." YOU'LL have the time of your life and will want to be in on it.

Every boy and girl who keeps their place in line will be presented with a little Easter Rabbit or chicken as a special gift from the TRIBUNE and American theater. Doors open 9 o'clock sharp rain or shine. On account of a long program and mothers are given a special invitation as well as members of the Aunt Elsie and 60,000 clubs.

Adelphian Concert Series to Close

ALAMEDA, March 28.—The last series will be given in the social hall of the clubhouse in Central avenue Tuesday night, April 24 at 8:15 o'clock.

The artists to appear are Miss Margaret Bruntach, prima donna contralto and Alexander Baslavski, violinist. This will be the first appearance of Miss Bruntach in Alameda, her former home, since her return from her European concert tour. The guests for the concert will be welcomed by a committee headed by Mrs. John Henry Merrill and Mrs. Wallace Mitracle.

SAYS IT WITH FLOWERS. PARIS.—Miss Evelyn Hurst of London receives daily a bouquet of flowers sent in an aeroplane by her fiancé in England.

Week of Services Held By Church

ALAMEDA, March 28.—Special

this week at 8 o'clock in the Santa Clara Avenue Methodist church in this city as announced by the Rev. B. Franklin Ray, pastor.

Tonight a gospel team from the Oakland Y. M. C. A. will be in charge of the devotional services. Tomorrow night a Good Friday night service will be in charge of the Rev. E. R. Dille, former pastor of the First Methodist church in this city, but now of Oakland.

EASTER GREENS STOLEN. ALAMEDA, March 28.—A sack of spring greens and holly to be used for decorating the house for the Easter holidays was stolen from the front porch of Mrs. N. Wolfe, 2100 San Jose avenue, last night, according to a report made to the police.

AUTO BANDITS

PURSUED AND ROBBED PAIR ON HIGHWAY

Fred Sterling and Wife of S. F. Are Victims of Daring Holdup.

SAN FRANCISCO, March 29.—Trailing their victim for three miles at an early hour today, two automobile bandits forced another machine to the side of the roadway in a lonely section near the Relief Home, and held it up at the point of revolvers.

Fred Sterling and his wife, of 473A Frederick street, had been on a ride to the beach, and were returning along Sloat boulevard when they realized that a machine was behind them was purposely following in their track.

Sterling put on full speed, endeavoring to get back to town without mishap, but while making a turn on Portola drive in a particularly lonely section, the pursuing car forced him into the sand at the side of the highway. As he stopped, two highwaymen with pistols leveled compelled him and his wife to get out of their machine.

Mrs. Sterling was not molested, but Sterling was forced to hand over \$3.50, all the money in his pocket. He had purposely left his pocketbook at home. Mrs. Sterling, however, carried her rings and some other pieces of valuable jewelry. Warning the Sterlings not to follow until they were out of sight, the robbers jumped into their own car and escaped.

Alameda County Boasts Youngest

Boy Constable

CONSTABLE JIMMIE WALSH, 4, may get you. Jimmie was sworn in today, and is shown here with his professional frock, ready to uphold law and order.

4-Year-Old Jimmie Walsh Is Sworn Into Office by Hayward Official.

Alameda county has the youngest deputy constable on record. This youthful officer is James C. Walsh, four-year-old son of James C. Walsh, deputy district attorney, 5128 Grove street, who was sworn in today by A. J. La Cunha, Hayward constable.

Jimmie was presented with his gleaming star, which he immediately pinned on his breast, and started looking around for material. As a result, all of his boy friends are painfully conscious of their actions around their playmate.

The young officer's first arrests, however, are held to indicate a lack of foresight. Judge Jacob Harder of Hayward was the first victim. The second was La Cunha himself, and young Walsh's father escaped by the front door.

In less than two hours after receiving his star, Jimmie had arrested every boy of his age in his block.

Miss Crawford to Tell About Indians

Miss Isabel Crawford, writer and missionary among the American Indians, will be the guest of honor at a tea at the Y. W. C. A. at 8:30 p. m. at which the club of Indian girls will receive. Mrs. Bonnie V. Royce is adviser to this hostess group, which comes from Nevada, tribes. Miss Crawford, whose work has been with the Indians in the Mormon country, will review her experience there.

Girls of the boarding home in Franklin street will entertain Miss Crawford tomorrow night.

NEW CLEW FOUND

TO ATTACKER OF MRS. RODDICK

Husband of Injured Woman Absolved From Suspicion in Case.

SAN FRANCISCO, March 29.—Search for a light-colored negro, who is believed to have been the "end who murderously assaulted" Mrs. Florence Roddick, 2374 1/2 Bush street, early yesterday was continued by the police today.

For a time the detectives thought that Lloyd Roddick, the woman's husband, had been guilty of the attack because neighbors had reported that they heard one of the little Roddick children, crying "Daddy."

Mrs. Roddick firmly denied that her husband had struck her, and subsequently the police picked up clues that absolved him of all guilt. There is nothing to connect him with the assault in any manner.

The conclusion was finally reached that Mrs. Roddick had been attacked by the same man who has attacked several other women living in the vicinity of Taylor, Powell and Sacramento streets during the past month.

Couple, Freed By Writ, Rearrested

Marie Frye and William Thomas are in custody today, despite the fact that they were freed on a writ of habeas corpus last night by Superior Judge L. S. Church. The couple were re-arrested by Sheriff William Cole, of Whitman county, Washington, who produced a warrant upon which extradition papers had been issued.

The couple were arrested on a statutory charge at the request of the Washington authorities. The warrant was sworn to by Harley Frye, husband of the woman. Mrs. Frye said that her husband's accusations against her were unjust.

MARCH STRAWBERRIES! HANNOVER, N. H.—Strawberries were picked this week by T. P. Tower in his open garden.

Derma-Viva whitens and beautifies the skin at once, regardless of its condition or your money back.

High School Girl Is Named By Wife

Namers a high school girl as the

one her husband expressed an affection for and whom he some-

time hoped to marry. Mrs. Rose Sawyer today makes Fred A. Sawyer defendant in a suit for divorce and asks custody of a daughter and a son.

Sawyer told her before others, the wife declares, that he thought

more of the high school girl than he did her and that he hoped the day would be short when he could get rid of her and make the girl his wife.

One claims her husband has threatened to dispose of his auto-

mobile and asks a restraining order to prevent this.

VEIL FOR BEAUTY'S EYES. PARIS.—A feature of new spring hats is a band of lace which falls from the inner edge of the front brim and veils the eyes of the wearer.

QUEER ACTS OF SHANNON CITED

Further evidence by which it is hoped to prove that Dr. William W. Shannon was of unsound mind was introduced in the contest now going on before a jury in Superior Judge E. C. Robinson's court when Thomas W. Shannon, nephew and contestant for the \$50,000 Shannon estate, told of incidents during the life of Shannon.

The witness stated that, in 1920, his uncle discussed the subject of purchasing Liberty Bonds. At that time he said he had just conferred with his brother on the question. The witness stated that the brother in question had died in 1911.

Under the will, which it is sought to break, the entire estate is left to Sara Denman, of Ohio, a sister of Dr. Shannon. It is the contention of the contestants that Shannon, by heavy drinking after the death of his wife, had made himself mentally incompetent.

Japan lost 3,400 officers and enlisted men in the Siberian expedition.

Here's A Cheer Sermon--Never Grow Too Old to Continue Your Career

Fanny Meyer Ellis Prescribes Perseverance as Cure for Discouragement

By FRANCES MONTGOMERY.

Did you ever feel sure that the world owed you a career and then sit right down on the job and sink into the last stages of utter discouragement because fame didn't rush up unaided and overwhelm you? And between tears did you burst into poetry about it? Well, we did once. The result started something like this:

When one is cruelly jostled, Just as all seems bright and fair, Into news that one's a failure, It's a feeling mighty rare. When people pin their faith in you And watch for grand results, And you just hum and radiate On every set and cuit, And work like sin and know you're right Until you're the bunk, your work is junk, Then how's the day to brighten?

Fanny Meyer Ellis.

A sad wall isn't it? Faith and perseverance were conspicuous by their absence and without those two qualities a career couldn't get even a walking start.

Out at the King's Daughters Home at 38th and Broadway, there is a little old lady who has used both faith and perseverance and has added another ingredient to the recipe—thrift and she has enjoyed a career which is still continuing in a quiet way at the age of nearly 70.

NO ROOM FOR "BLUES"

Her name is Fanny Meyer Ellis, and her career is a musical one. We found her in her sunny room rocking away and smiling over a newspaper item. No venture to say that you never saw a room like hers. That is, a room that is decorated as hers is. The "blues" germ couldn't live a fraction of an instant in that room. Mrs. Ellis has arranged with great skill and no little eye to color combination, dozens and dozens of posters and illustrations cut out and pasted or pinned to every available space, window curtains and bed spread not excluded.

On the desk and table are vases of flowers, china figures and a hundred tiny pin cushions, the latter made and given her by a friend. And every article placed just so with the ensemble effect quite as neat as a whole row of pins. So much for the atmosphere. Mrs. Ellis recounts the outline of her career and emphasizes the essential qualities.

"I NEVER GIVE UP!"

"I was born and reared in San Francisco, my father being a pioneer and a '49er. He might have been a millionaire with the rest of them, but he was content with the plain comforts of life. As early as I can remember I loved music and began to learn to play the piano as soon as I could sit up to the instrument. I never gave it up. The more I advanced the more I learned. The only way to reach any goal is to have faith and perseverance. And don't for-

get thrift. When I found I had to teach to make a living I had to count the pennies. If you would succeed take care of the cents for if you take care of the cents the dollars will take care of themselves. I taught music in the West and saved enough money to go to Europe. I visited many large cities in the old country and after a time in Paris I came back to California and all the time I kept up my musical career. But it is only by perseverance that we can have the things we really want and not by sitting down and wishing for them."

Fanny Meyer Ellis has played in concert in the larger cities in California and the West. She has accompanied famous singers of the old days and the inspiring thing about this tiny woman of seventy is that today she sits at the piano in the music room out at the home and plays Beethoven sonatas, Chopin waltzes and her own arrangement of grand opera selections all with the technique and feeling of the younger women.

"NEVER GROW TOO OLD"

"Never grow too old to continue a career no matter how quietly you have to go about it," says she. "and whatever your life work is never lose the song and the color of things and keep the color bright like my room here, and if you fail try it again."

We went right home and tacked this to the old poem:

When we fail, the thing to do Is try a new attack, For we surely know we can't go ON If we let ourselves go BACK.

Plan For State Park

Nation-wide attention has been drawn to California by the plan for the Mount Diablo State Park, according to a statement issued today by Harry G. Williams, president of the Mount Diablo State Park Council, an organization which is urging completion of this park.

"California has been given high praise throughout the United States, especially among lovers of the great outdoors, for this movement to conserve the beauties and grandeur of the state," said Williams. "Appreciation of this action and of the proposal to place on the mountain a monument or tablet in honor of Bret Harte have received high praise in an article recently published in the Christian Science Monitor of Boston, Massachusetts."

"By the setting apart of this forest tract as a preserve and playground, the towering peak of Mount Diablo, from which once issued the signal fires and smoke carrying cryptic messages to the Indian tribes for many miles around, becomes once more the center of its picturesque little universe. Once the resort and upposed cache to which roving bands of outlaws and freebooters returned, it promises to guard forever the hidden secrets which tradition says have been committed to it. Detached from other mountains or ranges, Diablo stands, a lonely sentinel, guarding the valleys and bays almost at its feet."

HELD ON FORGERY CHARGE

Charged with forgery, Guy Hackett was today held to answer to the Superior Court by Judge William J. Hennessy. Bail was fixed at \$2000. Hackett was charged with passing a forged check on Mattie O. Smithers, proprietor of a rooming house at 4804 Grove street.

Mozart, the famous composer was born in Salzburg, Austria.

POICE LEADERS IN S. F. TO AID ALL DRY AGENTS

Program of More Rigid Enforcement of Wright Act Now Promised.

SAN FRANCISCO, March 29.—A program of more rigid enforcement of the Wright act and of closer co-operation between the police department and federal prohibition enforcement agents went into effect today as a result of a conference held yesterday between several city and government officials.

The meeting was held in the hall of justice and attended by Federal prohibition enforcement agent Samuel P. Hunter, Police Chief Daniel O'Brien, Theodore Roche, president of the board of police commissioners, and United States Attorney John T. Williams. According to reports following the conference, the session was entirely harmonious and the officials reached an understanding which will result in the two departments working at "cross purposes" no longer.

STATEMENT IS ISSUED.

The following statement was issued by United States Attorney Williams:

"The conference was called only for the purpose of bringing about closer co-operation of federal and police officials in enforcement of the Wright act. Such co-operation, together with sterner prosecution of violators of the prohibition act, was promised freely and with evident good will, both by President Roche of the police commission and Police Chief O'Brien. Insofar as the government is concerned, that is all we expect."

"The police department is required by law to enforce the Wright act. I am satisfied from what was said by President Roche and Chief O'Brien that greater harmony will hereafter prevail between members of the police department and federal prohibition agents."

The incident involving Policeman Hearn and Prohibition Agent Miller was referred to only incidentally. It was agreed that the police commission should deal with the matter.

dentally. It was agreed that the police commission should deal with the matter.

HARMONY IS PREDICTED. Both Chief O'Brien and President Roche affirmed Attorney Williams in his prediction that there was to be a greater degree of co-operation between federal and police officials in enforcement of the Wright act.

"The police department is ready and willing to do its part in enforcement of the Wright act," O'Brien said. "The conference yesterday was entirely harmonious. Federal agents, and I for one, intend to eliminate such clashes."

forcement of the Wright act were discussed, particularly the need of closer co-operation between the two departments.

"The police department has no desire to antagonize the federal prohibition director," said Roche. "We intend to see that the police department fulfills its duty with reference to prohibition, and for that reason we will be ready and willing to co-operate at all times with Director Rutter's agents. There is no occasion for clashes between policemen and federal agents, and I for one, intend to eliminate such clashes."

Jowa stands first among the states in the literacy of its people.

SAYS ALLENRHU SURELY CONQUERS RHEUMATISM

Winchester, Ky., Citizen Cheerfully Recommends This Wonderful Remedy to All Sufferers.

His letter follows: "Burns Avenue, Winchester, Ky. I had severe rheumatism for three months; tried several remedies without receiving any benefit whatever. A friend advised me to try ALLENRHU as it had cured him. I bought three bottles from the George Drug Co., this city. When I began taking this medicine I was unable to do any work. I could neither dress myself nor raise my hand to comb my hair. I am now almost well and feel confident this last of the three bottles I am now taking will completely cure me. I can cheerfully recommend this truly wonderful remedy to any rheumatic sufferer." Signed Asa E. Keer.

ALLENRHU has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and pitiful and where the patient was helpless. Mr. James H. Allen, of Rochester, N. Y., the discoverer of ALLENRHU, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless ALLENRHU decisively conquers this worst of all diseases, and he has instructed druggists to guarantee the first pint bottle to show appreciable results or money back in every instance. All druggists can supply you.—Advertisement.

Get Back Your Old-Time Vigor Here Is the Way—Says Science

Strength, Vim, Vitality Restored by Lyko, the Great General Tonic.

Proved in Thousands of Cases

Mr. W. L. Lawler, a well known citizen of Northern Alabama, reports an experience which will interest everyone who is in an ailing, weak or generally run-down condition. Mr. Lawler writes:

"After using the wonderful Lyko, I have received more benefit from it than any other remedy I have ever used. I say this is one of the greatest tonic for the body, it has made me an entirely new man at the age of 55. I feel like a kid."

The power of Lyko to keep a man fit is also well proved by the experience of Mr. E. J. Jenkins, of Chicago, who says: "My business keeps me closely confined to the office and at a desk all day long. As a result, my system became all clogged and I was always tired, rested poorly at night and grew nervous and irritable. I began using Lyko and now I am in fine shape again, feel like a kid and am able to do much more work."

An Oklahoma man, Mr. Gallon, also tells of his experience with Lyko. He writes: "The wonderful Lyko has given my wife and me the best medicine in the world for indigestion, which did not go. I saw Lyko advertised and got it and it is doing her lots of good."

Mrs. Demie, of Mississippi, writes: "I had been taking Lyko for some time and it had given me the best medicine in the world for indigestion, which did not go. I saw Lyko advertised and got it and it is doing her lots of good."

Lyko gives its beneficial effects through the action of its pure medicine.

Ingredients, which are selected and compounded to make it an unrivaled general tonic and reconstructive agent.

Lyko has a gentle but sure laxative effect. It also puts zest into the appetite and gives activity to the digestive functions so that food is readily absorbed, thus providing strength and vitality to the body and making it capable of resisting the attacks of disease. And when stomach and bowels are not in good condition many ailments quickly disappear.

When the liver is sluggish and the kidneys disordered, when the nerves are "all unstrung," when one feels exhausted and incapable of effort, and looks old and tired, these are nature's warnings that the body needs the help that Lyko will give. The fact that thousands use it regularly and recommend it shows the good this great general tonic is doing. Lyko is sold by all reliable druggists. Ask for it today.

WAKE ROBIN INN FOR SALE

COMMITTEE WILL GREET STAR OF PRESS CLUB SHOW

Prominent Officials Will Be Present at Arrival of Robert Warwick.

A reception committee made up of public officials and leading men and women in many walks of life will greet Robert Warwick, star of the Press club show, upon the arrival of the celebrated actor at Sixteenth street station at 1 o'clock Friday afternoon.

Warwick is coming to take a prominent part in the club show, which will be given Monday evening in the Auditorium theater. Plans for his reception and for a sightseeing tour by automobile were made yesterday by a Press club committee.

A feature of the club's play will be the amateur sketch, "One-Fourth of One Estate," written by Eastbay newspaper men and played by them. This will be a satire on local people and incidents, and is said to be filled with humorous lines and funny situations. The action takes place at the city editor's office, played by T. DeWitt Foster, in the midst of a typical "local-people" setting. Here will be heard the names of some of the best known Eastbay people in a humorous vein. In the cast will be fifteen of the leading newspaper men of the Bay Cities.

The University Glee club, led by David Forrest, will offer one of their best programs, of the kind that have made the organization famous in this country and abroad.

Other acts will be Fred Hughes, tenor, from the Orpheum; Ned Doyle, comedy; the Bracelanders, in a gypsy revue; Howard Milholland, in comedy; Louisa Schultz, on the xylophone, and the Community orchestra. The latter is made up of three score men and women trained by Glenn H. Woods, director of music in the Oakland schools, and will open the show with a short concert.

Theater-goers will have a chance to get a "close-up" of Bull Montana, and "Chuck" Rlesner in person when they stage their hilarious "Stunts in the Studio."

The ticket sale is reported to be brisk at the Sherman and Clay box office.

IDORA PARK

Dancing again is a main attraction at Idora park where the dance hall is open every night in the week except Monday. The dance floor has been enlarged so that it is the largest on this side of the bay. Prof. Bingham's jazz orchestra puts out a marvellously good line of symphony and of Eddie Murphy, has charge of the orchestra. The latter is made up of three score men and women trained by Glenn H. Woods, director of music in the Oakland schools, and will open the show with a short concert.

Hot Dishes Won't Mar

If you polish your dining room table occasionally with Johnson's Wax you will have no trouble with hot dishes. The Wax forms a thin, protecting coat over the varnish, similar to the service given by plate glass over a desk or dresser top. Johnson's Liquid Wax is the ideal furniture polish.

JOHNSON'S Paste - Liquid - Powdered POLISHING WAX

You can give every room in your home that delightful air of immaculate cleanliness by using Johnson's Polishing Wax occasionally on your furniture, floors, linoleum and woodwork. Johnson's Wax cleans, polishes, preserves and protects—all in one operation.

There is no Substitute for Johnson's Polishing Wax. For Sale at All Good Stores.

AT THE LOCAL PLAYHOUSES

AMERICAN

of Joseph Hergeshelmer's celebrated story, will have its concluding performance at the American theater on Friday night and will be followed on Saturday by Debe Daniels' latest dramatic offering, "The World's Applause." "Java Head" continues to prove a favorable attraction with its titles with starting Logan. Albert Roscoe and Raymond Hatton all win new screen favor through their excellent characterizations. On the same bill, the American is presenting Captain H. J. Lewis' travelogue of old Chinatown, San Francisco. Captain Lewis appears in person and humorously describes the details of his offering. "The World's Applause" or "Notoriety," finds Debe Daniels in another of her heavy dramatic roles to which she recently has been discovered to be so well adapted. She is supported by a chosen cast and the story is both powerful and unusual.

FRANKLIN

"Robin Hood" at the Franklin displays Douglas Fairbanks in a new mood. To his capering, acrobatic, and dashing escapades he adds a new dignity, and lordliness that makes him a new character. The first half of the mammoth picture shows him as the dashing leader of a mighty army of crusaders. During the latter part he meets his fair-haired Marion, and the picture ends with a romantic and thrilling scene. The second part returns as the irrepressible Robin Hood, bandit leader, and the picture ends with a romantic and thrilling scene. The picture is a masterpiece of the art of the screen, and is a must for all who love the art of the screen.

NEW BROADWAY

that intrigues the fancy, and the management of the New Broadway theater assures the public that the production of that name which opens today is a picture that lives to its titles with starting Debe Daniels. "Java Head" continues to prove a favorable attraction with its titles with starting Logan. Albert Roscoe and Raymond Hatton all win new screen favor through their excellent characterizations. On the same bill, the American is presenting Captain H. J. Lewis' travelogue of old Chinatown, San Francisco. Captain Lewis appears in person and humorously describes the details of his offering. "The World's Applause" or "Notoriety," finds Debe Daniels in another of her heavy dramatic roles to which she recently has been discovered to be so well adapted. She is supported by a chosen cast and the story is both powerful and unusual.

PANTAGES

Maintaining the high standard of entertainment that has been set at the Pantages theater, the program of entertainment that is being scheduled for next week gives promise of being unusually diversified and amusing. Among the acts for the new bill are Virginia Bell and Beaux, Bert Walton, Oklahoma, and Beaux. The picture "The World's Applause" or "Notoriety," finds Debe Daniels in another of her heavy dramatic roles to which she recently has been discovered to be so well adapted. She is supported by a chosen cast and the story is both powerful and unusual.

T. and D.

that intrigues the fancy, and the management of the New Broadway theater assures the public that the production of that name which opens today is a picture that lives to its titles with starting Debe Daniels. She is supported by a chosen cast and the story is both powerful and unusual.

STATE

So great was the demand and so huge were the crowds to see Pearl Hickman's Kiddies at the State theater, that the management has decided to add a new vaudeville show and photograph. On the new bill, the American is presenting Captain H. J. Lewis' travelogue of old Chinatown, San Francisco. Captain Lewis appears in person and humorously describes the details of his offering. "The World's Applause" or "Notoriety," finds Debe Daniels in another of her heavy dramatic roles to which she recently has been discovered to be so well adapted. She is supported by a chosen cast and the story is both powerful and unusual.

CURTAIN CALLS

Edward Everett Horton's starring season comes to an end next week.

"Morphia" is one of the host of narcotic plays that have followed in the wake of the Hollywood exposures and judging from the critical reception it has received it is a great drama. The central figure of "Morphia" is a young man who in his youth accidentally shot the 12-year-old daughter of his dearest friend. To escape the haunting memory of that tragedy he has taken to narcotics and has become a very successful and extremely successful in both lines.

When the audience meets him he is not completely "wasting" his life. He has been taking morphine for eight or nine years and is almost a slave to the drug. He is a darkened study, and neither urges himself upon society nor flaunts his vice in the face of the world.

Twenty Seasons Ago Today

Kate Chilton is at the Macdonald in "The Two Orphans."

So his old nurse and his doctor conspire to cure him. There is but one other influence as strong as love, they say, and that is love. They decide to introduce into his house, disguised as a nurse, a beautiful young woman whom he has previously known, loved and lost. Then comes the moral of the play. The nurse bargains with him that he will not use the needle until he has reached the last stand. This comes one night and she responds to his call in a state of undress. They make another bargain in a dramatic scene and then finding that marriage without benefit of clergy has not stemmed the cry for narcotics she decided to go down to the depths with him taking "shot for shot."

It is this decision that forces the action to a new level and to reform. It all sounds very unpleasant in the telling but the New York critics contend that it plays in a much more polite key. At any rate it has added another leaf to the Sherman laurel crown and is playing to capacity matinees.

Moscow Art Players Decide on Theater

Imagine a company of American players taking a vote and putting their collective foot down on the matter of moving into a metropolis because the theater in which their attraction was to have been housed had too great a seating capacity. Especially when every seat in the theater was contracted for by some ardent playgoer. Frankly it is a situation that would not arise.

Forty Seasons Ago Today

Buffalo Bill is at Howard's Atheneum in Boston. Clara Morris and Tommie Sullivan are appearing in "The Outlaw" and "Othello" at the Boston Museum.

However, to get the cream of the best, the Moscow Art Players were due to go into Chicago. Astute theater managers immediately selected the Auditorium. The contract was made and everything was rosy. In fact the Chicago impresarios dashed off a note to the players who operate on a community basis and this is the note that came back:

"The company of the Moscow Art Players cannot maintain the artistic standard of 'performances in any house containing more than 1300 seats. As the company cannot give performances identical in quality with those given in Moscow unless the above mentioned condition is observed, the directors of 'The Moscow Art Players' have decided to leave the city of Chicago and to go to a city where the reputation of the Moscow Art theater by taking chances."

Exits and Entrances

Four Sam H. Harris attractions in New York are having phenomenal runs. Early next month the Irving Berlin Music Box Revue will reach its 200th performance; Margaret Lawrence has passed the 100th performance in "Secrets"; Jeanne Eagles is approaching the 200th performance of "Rain"; and Owen Davis' "Joe Bond" is playing to enormous crowds.

FULTON

Edward Everett Horton's starring season comes to an end next week. Horton will be a young business man, a bridegroom, a chap with a little cottage he is paying for. He is lured into the purchase of an automobile. Then follows excitement—all kinds of excitement. His wife has expensive friends, to keep up with the demands of the automobile. The young chap's whole scale of life changes. Life for him becomes a kaleidoscope of road house parties, automobile bills, and a thousand laughs at Horton's expense in "Six Cylinder Love." It is just the kind of play in which to stay "good-bye" to Edward Everett Horton, and incidentally to hope you will see him again on the Fulton stage, which you probably will some time.

NEW PIEDMONT

Douglas MacLean with Madge Bellamy in a three days engagement at the New Piedmont theater tonight in their latest comedy plot, "The Tentative Mr. D." The program is the picture of "The Message of Emma Couer" and a program of Walter D. Beaton. Scott's baritone, provides the musical novelty for this week's program and is doing much to make the picture more enjoyable to its patrons.

Starting tomorrow Elaine Hammerstein and Conway Tearle will be seen in "One Week of Love," and on the same program "June Madness" with Julia Dand and Bryant Washburn will be an added attraction.

NEPTUNE BEACH

Extensive preparations are being made at Neptune Beach, Alameda, for the opening of the 1923 season. Easter Sunday, April 1, the program will be continuous from early afternoon until 8:30 p. m., when the official celebration for opening day will be concluded by a big bombardment of fireworks. Dancing in the beach pavilion to the music of Elmer's famous orchestra from the Hotel Whitecomb in San Francisco will be continuous from 2 p. m. until midnight. High Curtis, Jennie McDonald and other famous mermaids of the Neptune club will appear in the Pacific Amphitheater. The swimming meet that will be held in the afternoon. "The Dragon's Humps" is the title of the new "dark mystery" of the Safety Razor, one of the new sensational rides that has been installed at Neptune Beach.

KOREAN IN U. S. COLLEGE LEARNS ART OF DIVORCE

Chick Lee, native Korean, who is absorbing Western ideas in university here, filed suit for divorce today from Kim Yong Sang Lee, to whom he was married in Korea when he was 11 years old. Mrs. Lee was served by mail at her last known address in Korea.

CENTURY

Jack Russell is adding more laurels to his crown and more patrons of the Oakland-Century theater this week, when he and his company of thirty are presenting "Marry My Daughter," a riotous musical farce in which Russell plays the role of a young man who is the ally of the silly king. Louise Venetti, the youngest Italian operatic singer, is stopping the show as an added attraction and on the screen this week is seen Conway Tearle in "Love's Masquerade," his latest feature picture.

CHIMES

Today is the last showing of Peter B. Kyne's "Pride of Palomar" with Marjorie Daw and Forrest Stanley as the featured players. Beginning tomorrow and to play through Saturday Richard Barthelmess in "Topsy" is the dramatic feature of the week. The story of a boy who wouldn't believe all women bad and the little Limehouse slaver who loved most men. A story of ships, fighting men and a romance of roaring lions. And the keynote of the picture reads "When the salt of the sea enters the love wound of a man, he possesses his soul." Dorothy Gish supports Richard Barthelmess in this sensational picture. A comedy and Pathe Review with an Aesop fable makes up the balance of the program.

NEPTUNE BEACH

Extensive preparations are being made at Neptune Beach, Alameda, for the opening of the 1923 season. Easter Sunday, April 1, the program will be continuous from early afternoon until 8:30 p. m., when the official celebration for opening day will be concluded by a big bombardment of fireworks. "The Dragon's Humps" is the title of the new "dark mystery" of the Safety Razor, one of the new sensational rides that has been installed at Neptune Beach.

ORPHEUM

Two women will divide honors in the Orpheum theater next Sunday in a bill that is full of color, music, and comedy. "Adair and company" in "The Kennedy," a one-act play, and Frances Kennedy, well known comedienne, in a variety of new songs written especially for her. Shirley Mason is to be seen in "Shirley of the Circus," a thrilling and colorful romance of the sawdust ring. A new feature photo play, "The Kennedy," is to be seen in "Shirley of the Circus," a thrilling and colorful romance of the sawdust ring. A new feature photo play, "The Kennedy," is to be seen in "Shirley of the Circus," a thrilling and colorful romance of the sawdust ring.

WUINI TO TALK ON SPIRITUALISM FOR KLX TONIGHT

escape King to Tell Tribune
Fans of 25 Years Study
of the Subject.

Harry Houdini, "escape" artist, who successfully relieved himself of a police straitjacket while hanging downward from the new TRIBUNE building before a crowd of several thousand people, and who is known the world over for sensational escapes from all kinds of locked compartments, will talk this evening to the TRIBUNE'S radio audience.

Houdini, who is starring this week at the Oakland Orpheum, will talk tonight on an entirely different subject from that which occupies his attention in his professional life. His subject will be "My twenty-five years' experience with Spiritualism."

The handcuff king has made an extensive study of psychic phenomena and spirit manifestations for a quarter of a century and has developed the matter with Conan Doyle, the celebrated English advocate of the theory that it is possible to communicate with the dead.

Houdini states he has not been convinced that communication with the departed is a scientific fact. "It is more than a pleasant theory," he says, "it is an inquiring mind."

KLX, the TRIBUNE'S station, will be on the air this evening between 7 and 7:30 o'clock.

With the completion of a new highway tourists will be transported in 90 minutes from summer sea to Arctic cold on Mount Blanc.

NAVY OFFICIALS AWAIT DETAILS OF GUAM STORM

U. S. Government Buildings
Wrecked, But No Lives
Were Lost.

SAN FRANCISCO, March 29.—Details of the storm which swept the island of Guam Sunday, wrecking government buildings and uprooting trees, telephone poles and wireless aerials, were awaited at the headquarters of the Twelfth Naval District today.

Meager despatches today confirmed earlier reports that there had been no loss of life, due to the fact that the center of the typhoon had not crossed the island. First reports of the hurricane were picked up by the Mare Island Naval Radio station yesterday.

These were the first messages that had been sent out since the island was cut off from the outside world Sunday by the storm that wrecked the radio installations. They carried only the information that the island had been visited by the storm and that the government buildings, trees and poles had been wrecked. Shipping in the harbor escaped without damage.

Two thousand officers and men of the United States navy and marine corps are stationed on the island, according to headquarters here. The island is an important naval base.

4:30 to 5:15 p. m.—Fairmont Hotel (KDN).

5 to 6 p. m.—Gould, Stockton (KJQ).

6:15 to 6:45 p. m.—The Examiner (KQO).

6 to 6:30 p. m.—Modesto Herald (KXD).

6:45 to 7 p. m.—The Hotel Oakland (KZM).

7 to 7:30 p. m.—The Oakland TRIBUNE (KLX).

7:30 to 8 p. m.—D.X. silent period for long-distance reception.

THIS EVENING.
8 to 9—Kimball & Upson, Sacramento (KFBK).

8 to 10—Hale Bros. (KPO).

LONG DISTANCE.

Austrian Finances

Now on Firm Basis

LONDON, March 29.—More has been accomplished to place Austria on a sound financial basis in the past few months than could have been done in 10 years with-

out outside aid. The League of Nations has accomplished this and the result of its efforts have been called miraculous by the leading financial experts of Europe. The Austrian committee of the league, reporting recently to the general council, made these statements: "Not only has the money of the

country been stabilized, but it has been possible to arrange for the issuing of an international loan, 10 per cent of which is covered by government guarantees and the remaining 7 per cent to be provided by other nations. London financial houses have expressed the opinion that the loan could be raised with-

in a very short time and virtually all of it in England.

WATER AT AUCTION.
ADEN, Arabia, March 29.—A record heavy rain at Aden produced three million gallons of water in the tanks which was sold the next day at auction.

CALIFORNIA TRACK TEAM TO MEET U. S. C. SATURDAY

AMERICAN OLYMPIC TRACK TEAM APPEARS WEAK; OFFICIALS DISPLAY INTEREST AT LAST

California Track Men to Enter in East

Decision Arrived at to Send Bruins to I. C. A. A. A. and Pullman.

UNIVERSITY OF CALIFORNIA, March 29.—The University of California track team will compete in both the I. C. A. A. A. meet at Cambridge, May 29, and in the Pacific Coast Conference meet at Pullman, Wash., on June 2, according to a decision reached last night by the student body executive committee of the university.

Both the eastern and coast conference meets were originally scheduled for the same date, May 26, making it necessary for California to be absent from one of the other. However, by a recent vote of the members of the conference, the date of the coast meet was set at June 2, so that conference members in California could compete at Cambridge.

California's entry at Pullman will render her unable to participate in the N. C. A. A. at Chicago. It will also necessitate the cancelling of dual meets with the University of Oregon and the University of Washington, scheduled in the north for May 12 and 15, and to be held only if the bears did not make the Eastern trip.

The executive committee has not yet decided upon the number of men that will be entered at Cambridge.

Molla-Suzanne Both Victorious

CANNES, France, March 29.—Mrs. Molla-Suzanne, who won the mixed doubles tennis matches in the tournament here yesterday, Mrs. Molla-Suzanne and Baron de Morsperg defeated Miss Bowdler and Mr. Hodgson, 6-1, 4-1, while Molla-Suzanne and C. F. Aeschliman beat Miss Smalley and Colonel Hamilton, 6-0, 6-0, and also won from Mrs. Sanderson and Mr. Morter, 6-0, 6-2.

King Gustave of Sweden, paired with A. C. Hunter defeated Mr. Ebo and Mr. Senhouse, 6-0, 6-1.

"Scotty" Armstrong Leads at Pasadena

PASADENA, Cal., March 29.—"Scotty" Armstrong turned in the low score at Flintridge Country Club yesterday, where representatives of practically every Southern California club took off in the opening round of an invitational tournament. Armstrong toured the difficult course in 70, one under par.

Fred Wright, Jr., former Massachusetts amateur champion, failed to come up to the expectations of the fans playing the 18 holes in 80.

Armstrong's closest competitors were W. W. Campbell and E. H. Seaver, who turned in scores of 75. L. M. Thomas made the course in 76. Max Behr in 77, A. W. Maine in 78 and E. K. Flemming in 78.

Layton Is Matched With A. Kieckhefer

CHICAGO, March 29.—John Layton of St. Louis, world's champion three cushion billiards player and winner of this year's interstate league tournament, and Augie Kieckhefer, former champion at three cushion billiards, have been matched to play a 720 point match.

The first 360 points will be played on Monday, and the last half of the contest in St. Louis April 5, 6 and 7. They will play for a \$500 purse and the entire gate.

Trojan Track Team to Meet Bear Runners

Return Meet On Berkeley Oval Should Be Feature of Week-End.

BERKELEY, March 29.—California varsity track men met the University of Southern California in a return meet Saturday afternoon, 1:45 on California oval and Coach "Walt" Christie's men will attempt to pile up as large a score as they did in the South. The Bears walked off with the first meet 73-58 with U. S. C. taking eight first places in the high jump, California won the meet by taking a majority of the second and third places.

"Charlie" Paddock, premier sprinter, will compete, and should turn in good times in both the 100 and 220. It will be remembered that he tied the world records for both the 100 and 220 in 1920 at Berkeley, running the 100 in 9:3 and the 220 in 20:4; and he will attempt to tie the marks again Saturday.

Charles Shepherd, Pasadena and Cray will oppose him in these events.

MEN IMPROVING.

"Walt" Christie has been working hard with the 440 men and hopes to take second and third places in this event. Gerz, White, Sutton, Blemer, Saxby, Lindstrom and Wharton will be the Bruins entries. Some of these men will run the relay also.

California is handicapped in the 880 in that Jack, who placed third in the first U. S. C. meet, will not be entered, due to illness. Bauman, Pearce, Moore and DeBeauvoir are the California entries. The mile and two-mile will be clean sweeps for California, as U. S. C. have no entries for these events.

STEEP COMPETITION.

Becker will furnish Otto Anderson some competition in the high hurdles and Neff should do the same in the low sticks. Henry McKenzie and Laney in the high hurdles and Henry in the low hurdles will be the other entries.

The Trojans have the edge on Bears in first place men in the field. However, California will take most of the second and third places. Captain Muller should win the high jump with Witherspoon taking second or third. Garret will also enter this event. Muller, Boren, Phillips, Wells and Baxter will be entered in the broad jump and will battle with Otto Anderson Jimenez for first and second places.

BEARS STING EVENT.

The team will be in a sweep for the Bears, as Muller, Sorrenti, Neufeldt and Peterson all have the spear 175 feet. First place honors in the discus will be between Norman Anderson of U. S. C. and Berkeley. Neufeldt, in long jump, will be the favorite in the first meeting of the teams. However, Neufeldt has been leaving the platter around 140 feet and may surprise everyone by taking first place.

Anderson will be the favorite in the shot, as his mark of 45 feet made in the first U. S. C. meet has not been touched by any of the Bear entrants. Witter, Matthews, Lang, Neufeldt, will fight it out for second and third places. The pole vault should go to Norris, with Coates, Rogers and Durgin battling with White and Sherrod of U. S. C. for second and third places.

Leahy to Remain For Meet With U. C.

LOS ANGELES, March 29.—Eddie Leahy, quarter miler, who announced his intention to quit athletics, has changed his mind and probably will run for the University of Southern California in the meet against the University of California at Berkeley Saturday.

Howard Torkelson, who pulled a tendon in a meet against the Bears here two weeks ago, is again practicing and probably will accompany the Trojans north tomorrow.

McCann, Herman and Silva Planning Tour

LOS ANGELES, March 29.—Three California boxers plan to leave next month for Australia and seek bouts, according to "Jockey" Levy, their manager. They are Frankie McCann, featherweight of Oakland; Teddy Silva, bantamweight; and Herman, featherweight.

Herman, featherweight, is a Sacramento brother of "Babe" Herman. They may also visit the Philippines.

ARMY FOUR WIN.

DEL MONTE, March 29.—All of the army polo teams entered in the first round of the play for the Pacific Coast polo championship tournament, entered the semi-finals here yesterday, when the Port Blaines (Tex.) team defeated the San Mateo four, 15 to 2.

DR. BELL'S Pine-Tar Honey

The most stubborn, throat-rapping coughs cannot survive a few doses of Dr. Bell's Pine-Tar Honey. It is a remedy. There is ease and relief in the very first teaspoonful of this soothing pine-tar-honey compound. Dr. Bell's heals the raw spots—loosens the sticky mucus. Pleasant to take! See all druggists.

Quickly relieves Coughs, Colds, Hoarseness, Sore Throat, etc.

Speed Marvel Here Saturday

CHARLES W. PADDOCK,

for the past four years the backbone of the U. S. C. track team, will run his last race against California under the Trojan colors Saturday afternoon on the Berkeley Oval, which he set world's records in his appearance two years ago.

Paddock figures to annex both sprint events and with good competition may tie his own records in the century and 220 yard dash.

The Pasadena youth is one sprinter who has been unbeatable since starting his meteoric career several years ago.

Meeting the best sprinters of East and West and winning in the Olympic games, Paddock has maintained his reputation against the world.

BOWLING SCORES

Four matches at the Bowling Auditorium and Bowling Center alleys tonight will bring the first round of the Eastbay Duckpin Handicap league to a conclusion.

During the first six weeks of play a battle for the top rung of the ladder has developed between the Rossi Fraternals, Philadelphia Shots and Center Boosters, the former having a three-point lead at the present time.

Fitted against the Boosters on their home alleys—3 and 4 at the Center—the Florists will have a chance to step out in the lead or fall back to what may develop into a tie for the leadership. As far as assistance is concerned this pair of quints are evenly matched and a great set can be expected.

Other games tonight: Steinbeck Meats vs. Auditorium Flashes.

Graham Auto Paints vs. Philadelphia Shots.

Tourney Parts vs. Carleinet Candies.

Ogden of the Boosters is heading the individuals with La Frenz of the Parts, Major of the Flashes and others close behind. High games are held by the latter pair, while Nichols of the Rossi gang has best three.

The leading Federal Grill quintet made a clean sweep of the Hat Box, the Maryland Lunch took the odd from the Byron Rutley's, while the Byron Rutley's took two from the Piedmont Cleaners.

The Federal Grill shot high series with 272, their final game of 996 being high count of the night.

by himself for individual series, but George Kennedy of the Golden Cigars and Sopher of the Byron Rutley's were tied for high game with 224.

Indians Will Break Camp Next Sunday

Wolverton Is Well Pleased With Oliver; Two Games With Chicago Cubs.

SAN JOSE, March 29.—The Seattle Indian Yawpags won a decisive victory from the regulars in a hard fought battle on the Sedality park diamond yesterday, the final score being 8 to 1. Blake and Tesar pitched for the winners, Blake remaining in the game for but two innings, after which Tesar was placed on the mound by Manager Harry Wolverton. Schorr was in the box during all nine frames for the regulars, with Yarny at the receiving end. Orr, left fielder for the Yawpags, hit the apple for a circuit run. Oliver, the San Jose boy signed by Wolverton last Saturday, made a splendid showing as center fielder for the Yawpags. In addition to his exhibition of faultless fielding Oliver found the regular twirlers for three hits. Boss Wolverton is quite often in his praise of Oliver, saying that the lad is capable of playing ball in any league.

The Gray Wolf sent Jerry Dunn, Springfield twirler, home last night. Dunn, according to Wolverton, is a good pitcher, but needs another year in a smaller league. Wolverton will place him within a few days.

The Swashes will cross bats with the Chicago Cubs here tomorrow and Saturday. On the Chicago bench will be Bill Killefer, 200-pound manager, and on the Indian bench will be his brother, Red Killefer, secretary-treasurer of the club in training for the P. C. L. season. Killefer is bringing, besides his regular run big leaguers, back Miller the famous fence smasher.

The Indians will make their last appearance here on Sunday when they meet the Santa Clara university varsity nine. Following the game on Sunday the Seattle club will leave for Fresno, where on Tuesday, April 2, they will open the Pacific Coast league season with Salt Lake.

RAY PELKEY SURPRISES BY WINNING FROM JIM TRACEY

ACK REEVES AND BILLY SHADE ARE SIGNED TO BOX THE MAIN EVENT AT THE NEXT SHOW

JOHN FARR DEFEATS JOE LYNCH; ED MACEY WINS FROM D. MURPHY

is Pierce Gives Another Pleasing Exhibition of Boxing When He Out-Points Tim Callahan; Barreau Winner Over Eddie Richards.

By BOB SHAND.

Ray Pelkey, the young light heavyweight from Bert McClellan's gym, is anxious to have a chat with Jim Tracey today. Ray had Jim to about thirty pounds and a few feet in height and at the Auditorium boxing and singing entertainment last night and after getting socked for a "nine" count in the first round came back strong enough to wallop Jim in the pantry and a well-earned decision. Now, what Ray wants to know is if Tracey's Australian heavyweight championship was at stake evening. It will be remembered that "way back in 1920 Jim had the title from Albert Lloyd and since he came to this try he has still claimed the honor. But they say Jim makes mental reservation every time he boxes to the effect that his is not involved. Luis Firpo knocked him cold and Jim was for a day. Bill Brennan licked him and Tom Gibbons rocked to sleep—but still they say Jim is the heavyweight champ all Australia. Pelkey will ask Jim to please pass over the title can add it to his collection.

Joeey is a ringer for Bill Tracey. He boxes like Bill and like him and rumor hath it jaw is just as fragile. Poor Pelkey couldn't get the chin of the Australian's chin, but he was too short, but what didn't do to the roast but the mention of the name of the man mentioning After tak- that right hand clout in the boxing belt gave up all hope smacking James on the chin devoted all his time to aiming the panther. It got worse and for Tracey as the bout pro- and he was just a little finish Jim's a nice fellow and out, but so is Pat Larue.

any Farr Proves of Night.

The Hardest Fight Of My Career

By TOMMY LOUGHRAN.

Knocked down for the first time since starting my ring career two years ago made me buckle up, virtually, show all the stuff I had and forced me into the hardest battle I ever had. I never have a better skill. That happened in my recent set-to with Jimmy Darcy, the Californian.

As soon as we fell into the first clinch I knew that I was up against a rather rough, rugged and strong opponent. But little did I think that Darcy was going to make me extend myself as much as he did. You know, for the first two rounds, I was just about feeling him out, trying to decide how to plan my battle.

And then in the next round it happened. Figuring that Darcy was going to be as easy as any of my other thirty-seven opponents, the first thing I knew I was down on the canvas in the third round and heard referee Floyd counting "four, five." I recollect ed having fallen into a right-hand punch and then everything became black until I saw the referee's arm swinging upward and downward over me.

While very much dazed, I knew what it was all about at the count of "four." And while sitting there listening to the toll up until "nine," when I arose, a little conversation which I heard overheard in my dressing room, came back to me.

K. O. Phil Kaplan, who had knocked out George Werber in a previous match, was packing his bag, evidently making a hasty getaway in the next room where Darcy was getting ready for our match. Darcy was talking.

"What's your hurry, Phil?" he asked. "Wait for me—I'll knock this bum out in a couple of rounds and we'll go back to New York on the same train. Looks as if he's got a set for a set for a change. Never heard of him, and I'll sock him for a loop along about the second or third."

When I heard Darcy talking in the dressing room I smiled to myself. But seated there on the floor taking the count made me take Darcy's boast more seriously, and I made up my mind that Jimmy was going to miss that train he intended taking with Kaplan.

Getting to my feet, I started to back away, but Darcy after me, swinging wildly. He kept crowding me until the finish of the round, the end of which found me entirely red of that dizzy feeling after the knockdown.

Starting with the fourth, I kept thinking of that train Darcy was so anxious to get, and in the same time I had both hands working fast. Nothing would have pleased me more than to have Darcy leave for New York as he had expected. But, if he did I was confident I wouldn't be the one knocked out.

So I tried my utmost to be the one to slip over the well-known wallop. Be he's tough—that fellow Darcy—and, believe me, even if he wasn't knocked out, he got himself a swell tacing.

Manning Challenges Vic Foley to Bout

SEATTLE, March 29.—Joe Waterman, manager of Bud Manning, Seattle flyweight, in a letter published today by the Seattle Post-Intelligencer, challenges Vic Foley, champion of the Canadian bantamweight title, to a bout in an opening show in the arena at Vancouver, B. C. The letter asked that the challenge be referred to Jack Allen, Foley's manager, and said that Manning was finishing a successful tour in California.

"Allen's claim that Foley is forced to box only like Danny Dator, who, says Allen, weighs over 130 pounds is unfounded," wrote Waterman. "Bud Manning weighs only 117 pounds, and I have every confidence that he is Foley's master in every department of the game." Waterman offered to let Foley come in at 120 pounds at 2 o'clock.

Ryan Beats Hanf In Billiard Play

NEW YORK, March 29.—A V. Ryan of New York defeated Charles Hanf of Port Washington, N. Y. 50 to 49 in 101 innings in a close game to the far of the National Amateur billiard championship tournament. Hanf held the lead at the fourth and eighth-fifty-nine innings but with five to go, Ryan won by a check off.

Zuppke Seeking Easy Game Nov. 17

CHAMPAIGN, Ill., March 29.—With indications pointing to an approval of eight football games by the Western conference board, Coach Bob Zuppke of the University of Illinois began yesterday to seek a smaller university or college team as an opponent for November 17 this fall. This game will be played in the memorial stadium and a team from any part of the country will be considered. Coach Zuppke said.

Tasker Is Named Wm. and Mary Coach

WILLIAMSBURG, Pa., March 29.—I. Wilber Tasker, former Syracuse University star and head coach at the Connecticut Agricultural College, has been elected athletic director of William and Mary College, the chairman of the athletic committee announced yesterday. Tasker will assume his duties April 1.

Large Entry List Expected April 21

REDFLANDS, Cal., March 29.—A large entry list is expected in the annual Southern Pacific Association amateur Athletic Union track and field championships at the University of Redlands, April 21 according to those in charge. Teams will be entered by nearly all Southern California colleges and high schools as well as the Los Angeles Athletic club.

Philadelphia Athletics Are Surprise Team

Connie Mack, After a Long Period in Seclusion, Due for Spotlight.

MONTGOMERY, Ala., March 29.—(By International News Service.)—The Philadelphia Athletics, after threatening to make trouble for the Red Sox without carrying the matter as far as fulfillment, are just about ready to step. They feel that this is their year. That is the "training camp outlook" Connie Mack stands at his pitchers and catchers and has added powerful offensive and defensive weapons to his defense. He feels that if he could get the pitching he could muster last year he will win many baseball games that then escaped his team clutch.

The additional punch in the offense is expected to be furnished by Ed Matthews in the outfield and \$75,000 Sam Hale in the inner works. Matthews, who was Milwaukee's lead-off man last year, is booked to play centerfield in the Michigan combination. "Bing" Miller is a fixture probably in right field. Matthews was last season and Wid Matthews culled a .373 average. Left field will be disputed by Tillie Walker, Frank Welsh and Frank McGowan. Walker has been in the league for twelve years and was runner-up to K. O. Phil Kaplan in 1922. He failed to make the 300 mark. He may therefore, be ousted from left field by either Welsh or McGowan and the latter on the strength of his stellar performances with the Newark Internationals in 1922.

Chance to carry six infielders. Joe Hauser, Jimmy Dykes and Chuck Galloway are fixtures at first, second and shortstop, respectively, and Sam Hale and Harry Rindona will battle it out for third base. Heine Scheer will be the sassy man for infield emergencies. Offensively, Mack can figure on three infielders and two outfielders who stood high in the 300 class last year. His catching staff of Perkins and Buggs needs no introduction and Charlie Rowland, a youngster from the Virginia League, probably will run third to this year.

The pitching staff lists the six regulars of last season, namely, Rommel, Harris, Hasty, Naylor, Hemmich and Ogden, with the addition of Walter Kinney, a lefthander just recently reinstated.

(Editors: This winds up stories from training camps.)

TO ORGANIZE CLUB. VALLEJO, March 29.—General Secretary E. A. Loomis of the Industrial Y. M. C. has called a meeting on Friday night of the high school students and will organize a High School Y. club.

VALLEJO, March 29.—The Y. M. C. club is to have a dual meet here a week from Saturday with Vallejo High so as to be in shape for the coming meet with Ignatius Council of San Francisco.

OAKS WILL LEAVE FOR LOS ANGELES NEXT SUNDAY NIGHT

JIMMY MIDDLETON OF PORTLAND BEAVERS IS WELL PLEASED WITH WAY CLUB SHAPES UP

OAKS PLAY ONLY ONE MORE PRACTICE GAME BEFORE GOING SOUTH

Ivan Howard Leads Athletes South Sunday Night and They Work Out at Los Angeles Monday; Play Chicago Cubs Today and Sunday.

By EDDIE MURPHY.

Oakland baseball fans will have only one more chance after today to see the Oaks in action on the local diamond before they will leave for the south to open the season with the Angels. Today they meet the Chicago Cubs in the second game of their series, and the third game will be played next Sunday morning. Those are the only games slated for the Oaks to play here. Tomorrow they go out to Berkeley to tangle with the California Varsity, the game starting at three-thirty o'clock. A number of local bush teams have been after practice games with the Oaks for Saturday and Sunday afternoon, but Ivan Howard figures he can get better results from the regular workouts. Saturday and Sunday afternoon practice will be on signals and other skill work.

Ivan Howard has arranged to take his Oaks from here early Sunday evening and have them work out on the Los Angeles diamond some time Monday. So far he has not decided who will do his pitching in the opening game, but it looks like the honor rests between Ray Kremer and Harry Krause. The local pitching staff is somewhat crippled with Walter Mails and Buzz Arlett on the shelf.

Mails' Condition Makes Local Fans Doubtful.

Now that Walter Mails is on the sick list a lot of fans are predicting that he will prove a second Red Eiler. They mean that the Cleveland Indians put something over on the Oaks. But such is not going to be the case if Walter comes back in the regular season and pitch the kind of baseball he did while at Myrtlebeide. Unless Mails gets off to a good start there is bound to be the usual number of hammer welders. Mails is expected to be out of the hospital in a day or two, and should be in a uniform early next week. At the latest. The big fellow has it in his mind to pitch his way back to the major leagues, so fans can feel assured that he will be trying his best in every game. We do not look for Walter to pull a Red Eiler after the form he showed at Myrtlebeide, but it will be up to the big fellow to get off to a good start in order to keep the hammers quiet.

Jimmy Middleton Will Switch Batting Order.

Manager Jimmy Middleton of the Portland Beavers is somewhat concerned over his club's chances to cop the 1923 rag. The Beaver boss is figuring on using six outfielders during the season. He will work the switch system, using right-handed batters on days that southpaw pitchers work, and left-handed on days that right-handers work.

At present Middleton is making his plans chiefly to grab the opening game of the season from Sacramento. Jimmy figures that game is the one to cop in order to get the team off to a flying start. According to Middleton, if a southpaw hurler for Sacramento next Tuesday afternoon, he will use the following batting order: King, third; Dick Cox, center; Rollie Zeider, second base; Jim Poole, first base; Eugene High, right field; McCann, shortstop; Quillich, left field; Wolfer, center field; Byler, catcher.

Note that the name of George Quillich, a graduate from the Chevrolet Motor team of the TRIBUNE League, has been mentioned for the left field job when left-handers are pitching.

Here is the tentative batting order to go against right-handed pitchers: Wolfer, center; Zeider, second; Poole, first; High, right; King, third; Cox, left; McCann, short; Byler, catcher.

MINERAL WELLS, March 29.—

The score: R. H. E. Tulsa (Western)..... 5 9 6 Dallas (Texas League)..... 2 3 3

Banks, Crosby; Lovv, Bryan and Adams, Lingle.

Ellison Hits Home Run and S.F. Seals Win

"Shovel" Hodge and Cub Hurlers Are Hit Hard in 11-Inning Game.

The San Francisco Seals defeated the Chicago Cubs at Recreation park yesterday afternoon in an 11 inning game by a score of 12 to 10. Bert Ellison, husky first sacker of the Seals, broke up the game by hitting a ball into the left field bleachers. The feature of the contest was the fight displayed by the Cubs. The Seals had a five run lead on them at the end of the sixth inning, but the Cubs came back with two in the seventh and three in the eighth to tie up the count. "Shovel" Hodge started on the hill for the Seals and had to be franked in the eighth. Pat Shea relieved him and twirled good ball.

Cheever pitched the first five innings, and Kaufman the next two for the Cubs. They were both hit hard. Keen was pitching nicely and was in a fine tune with Pat Shea until Ellison, blasted the homer, Pete Compton hit a put with two on in the fourth. Hendryx and Ellison for the Seals and Grantham and Grimes for the Cubs each got four hits.

Six Infielders of Oaks' 1923 Baseball Machine.

Manager Ivan Howard of the Oaks plans to avoid any shortage of players such as he ran into last season when several men got hurt. He will start the season next Tuesday with six infielders, and no matter which one he puts in, Ivan figures he will have a good man in each position. Here are the infielders, left to right: JACK KNIGHT, second base; AL MADERAS, utility; MARVIN SMITH, shortstop; CAPTAIN RAY BRUBAKER, third base; MARTY McGAFFIGAN, second base, and GEORGE LaFAYETTE, first base.

Twilight League Starts Play May 2

RICHMOND, March 29.—The Twilight League will open their season in Richmond on Wednesday, May 2. The six weeks between this and the opening date will be given up to serious and strenuous practice. There will be four teams. They are the All Standards, the Mechanics, the Barrel House and the Reformers, and President Howard French is encouraged to expect the view that there will be some fast and snappy contests on the Firststreet pasture this season. At the end of the season, an all-star team will be picked and sent to El Segundo for the annual series.

Grantham, Miller, Hendryx, Rhynes, Heathcote, Griggsby, Errors, Adams 2, Stalcz, Miller, Valla, Kaufman, Hodge, Left on base, Cheever 5, San Francisco 3. Time of game 2 hours 15 minutes. Umpires—Carroll, Becker.

Sinbad Repeats Turf Victory at Santa Barbara

SANTA BARBARA, March 29.—Sinbad, owned by P. E. Bowles of San Francisco, repeated his victory of Tuesday in the second day of the Santa Barbara horse show yesterday by winning first place in the six-gaited saddle horse competition. Sinbad took the honor yesterday over Miracle Man, owned by E. A. Stuart of Seattle. The two horses have fought it out in this class at horse shows in all the large cities of the United States. "Glittering Glory, another Stuart entry, won first place in the Horse Show Association three-gaited saddle horse competition, taking the honor from Marjolaine, owned by Bowles.

In the heavy harness class Prince of Mansie, owned by J. D. Farrell of Seattle, took first place.

Glittering Glory was the outstanding horse in yesterday's competition with three first prizes.

Oaks Stronger In All Spots, Says Howard

By IVAN HOWARD, Manager Oakland Baseball Club. (Written for International News Service.)

OAKLAND, March 29.—The Oaks are improved in all departments over last season and I firmly believe if our pitchers perform as they did last season and I feel confident they will, we will be ready when the going sounds.

Our regular infield will be made up of Lafayette on first; McGaffigan, second; Smith, short, and Brubaker third. Our outfield will be Cooper, Willie and Wetzel or Chisholm, with catching staff made up of Thompson, Dabbs and Keen.

is a lightning, peppery one which will help to keep the whole team upon its toes.

Our pitching staff was strong last season with Arlett, Kremer and Krause as mainstays. The addition of Mails, star left-hander of the Cleveland world's championship team, gives us four top-notchers with Colwell and Eley to help out, and we have developed two youngsters in Murchio and Wells who may be taking their regular turns before the season is very old.

Besides our regular men we have Jack Knight, Al Maderas and "Gus" Johnson, three of the best utility men we have ever had on the roster. Knight, who had the misfortune of losing a finger last season, thus putting him out of it for a while, has come back strong and will be ready to jump in as a regular any time and his great hitting will make him one of the best pinch hitters in the league.

Maderas has given Smith a hot fight for the regular shortstop job, while Johnson, who came to us from the Montana Independent League, has been the sensation of the training camp season with his hard hitting, speed and fast fielding.

With these capable substitutes the Oaks will be protected against possible accidents which have crippled some of our regulars.

Patrick Says McCarthy Will Not See Papers

LOS ANGELES, March 29.—A meeting of Coast League directors to consider charges of double ownership made recently in connection with the sale of the Seattle club of the Pacific Coast baseball league to Wade Killefer and Calum Lockard, formerly of the Los Angeles club, may be held in San Francisco next Monday, President Joseph H. Patrick of the Angels is quoted as saying in reports reaching here from the club's training camp at Avalon, Santa Catalina Island.

One for St. Louis.

P. C. Meet After Start Of '23 Race

Patrick of Los Angeles Club Says He Cannot Be Here This Week.

The special meeting of the Pacific Coast league directors which is being planned by "The Big Five" will not take place until some time after the start of the 1923 pennant races next Tuesday, was the announcement made by President Cal Ewing of the Oakland club, this morning. The heads of the Oakland, Portland, Seattle and San Lake clubs are willing to meet any time, but word received this morning by Ewing from J. H. Patrick of the Los Angeles club, was that the meeting be held off until after the opening of the season.

Patrick stated that he and other connected with the Angels are in favor of the meeting being held soon as possible but it will be impossible for him or any other of the southern club officials to attend meeting previous to the opening of the season because there is too much business going on. Ewing expects the meeting to take place late next week, or early the following one.

While Ewing was anxious to have an early meeting, he is in a way satisfied that it is being held off for a week or so, as it gives him more time to work on the Community Chest fund. Cal has not been able to give much time to baseball the last couple of weeks because he has been working hard and night on the fund. At the last week Cal has been on the job at the Community Chest headquarters at 8 o'clock in the morning and most of the time failed to leave before midnight.

Fremont Scores Easy Win 8 to 0

Fremont High's baseball nine in an easy time defeating Concordia College 8 to 1, on the latter's diamond. Feeley pitched wonder ball for Fremont, allowing only one single, by Theiss, and striking out eleven. Kardosa was named as the center fielder, and scored three sacks.

THURSDAY, MARCH 29, 1923

IMMIGRATION A PRIVILEGE.

The future of America may be written in its immigration laws. The old policy of making this country the haven of the nationalities of the world still holds out a sentimental appeal, the old arguments of employers of cheap labor are still sounded. Immigration is a larger problem than these appeals would indicate; it has to do with the welfare of the race, the prosperity and the future of the country.

All of this and more to the point, S. J. Holmes, professor of zoology and genetics at the University of California, has said in a recent issue of *The Independent*. In an article, which urges a close scrutiny of immigrants, a restriction of the numbers, and a possible discrimination against certain white nationalities, Professor Holmes makes this distinction:

"In dealing with the admission of aliens we should assume that immigration is not a right, but a privilege, and that we are under no obligations whatever to extend it to all peoples, even of the white race. We may be loath to make invidious distinctions between different nationalities, but no foreign people has any more basis for objecting to such discrimination than some of our neighbors have for not being invited to our parties."

This is the opinion of the zoologist, the man who is interested in the betterment of the race. It is backed with a weighty argument and includes this paragraph:

Every American who is ambitious to see his country a truly great nation should be guided in his attitude toward immigration neither by considerations of wealth to be derived from imported cheap labor nor by a sentimental desire to make this country an asylum for the oppressed of other lands, but by the ideal of an America, peopled by strong, healthy, and intelligent men and women having the normal and wholesome instincts that make for sound character and harmonious social life. It is no charity to extend the opportunities of living here to the failures of the Old World. A policy of free admission would rather be a crime against the future children of our own land, for these have their rights as well as our contemporaries. It is to our descendants that we owe our first obligation. No misguided sympathy for the unfortunate inhabitants of other countries should ever permit us to jeopardize the welfare of our future population.

When arguments other than those of business and sentiment enter into the question there is a prospect that the old immigration puzzle may be solved.

GOLD STILL THERE.

From the mining counties comes word that the old industry is going forward as it has not gone forward in a decade. The venturesome spirit of the prospector is not dead, and the news of the strike continues to be spread.

According to the Grass Valley Union, the number of actual producing mines of Nevada and Sierra counties will be doubled, if not trebled, during the present year. All along the Mother Lode the report is the same: more persons are becoming interested in the possibilities.

Peculiarly California's rich mining country presents today as rich an opportunity as ever. The methods and the equipment of the early miners did not allow them to take even that which was near the surface. Most of the rich strikes of recent years have been in workings deserted by men who have thought they were worked out. It now seems certain that the mineral zones are of vastly greater extent than was believed.

The agitation for a Mother Lode Highway has attracted attention to the old fields just as the Forty-ninth celebration did. When that highway is built thousands of persons will visit the historic country and new capital will be invested in mining. Sooner or later the mining lands will come back stronger than ever, for the gold is still there.

ETHYLENE.

Ethylene is nothing new. One may find it in the atmosphere as a colorless, inflammable, poisonous compound contained in coal gas—carbonated hydrogen.
Apparently the discovery of the Chicago physicians was not that of ethylene, as has been announced, but of the uses of the gas as an anesthetic. It is claimed for it, it leaves no odor, it is safe and rapid in action.

Surgeons are predicting it will take the place of chloroform and ether.

"every possibility that it may be used satisfactorily in childbirth."

If what the doctors at the University of Chicago believe is true of ethylene is borne out, they will have performed a valuable service to humanity. It is announced that results in six major operations performed with ethylene justify the claims which are being made.

FINANCING FAME.

The literary lights of the future may, if they wish, shine under a common rotunda. The traditional hungry poet and threadbare novelist will lounge on the morocco-bound couch and sip inspiration served by a liveried page. Good days are in store for the league of penmen, for a campaign is being conducted in their honor.

This campaign was started by the National Literary Society to raise \$5,000,000. Three millions, the announcement says, are to be used in building and equipping a National Literary Hall of Fame in Washington as a memorial to deceased writers, orators, and dramatists who have contributed to the development of civilization. The remaining \$2,000,000 will be used to establish a national student loan fund for those who have talent, but are financially unable to obtain a thorough education.

It is proposed to build the Hall of Fame near the Lincoln Memorial and to make it a three-story building of white stone and marble. Separate departments for the states will be supplied with the choice books, orations or plays written by natives and portraits of geniuses will ornament the walls. Theater, library, reading rooms and classrooms will offer entertainment and education to the guests.

The success of the movement will depend upon the men who are judges of the students who are to benefit by the loans. They must be men who can look farther than the large schools in the metropolitan cities, men who can excuse mistakes, and can discern the spark of talent in the great dark spaces. Perhaps they will make it easier for a larger number of men to achieve fame and thus become eligible to enjoy the privileges of the \$3,000,000 hall.

RECESS REMAINS.

Bifurcated sessions of the State Legislature will continue in California. The movement started to do away with the time-honored recess has failed, and there are many good reasons why it failed.

In the more remote legislative districts, in the agricultural sections, the voters insist upon time for the discussion of issues. The electorate likes to meet with its representatives, listen to their explanations of bills, and acquaint them with the sentiment of the district. Elimination of the recess would do away with this town-meeting and Farm Bureau feature which is essentially democratic.

Just as the King Tax Bill was carried by the agitation during the recess, so has the budget been presented to the people during the four weeks of legislative inaction. For four weeks now, after the Legislature has convened again, the budget is still the main issue but there is no one who will deny that there is a better understanding because of the opportunities of the voters of assembly and senate districts to study the document and talk it over with their representatives.

The new budget law, as was said some time ago, is one which will demand at each session time for careful consideration. It justifies the intermission which has seemed to annoy the delegations from certain of the counties.

"Bullets Fly in Battle with Rum Pirates." Despite the frequency of this headline, few persons are hurt. It is to be presumed the bullets do not fly in the straight and narrow path.

"Home Sweet Home" was written a hundred years ago which accounts for the fact there is nothing in it about apartments and delicatessen stores.

"This will convince a lot more persons of the advisability of having nothing whatever to do with it."

Now that the poets have welcomed Spring officially, there is nothing to do but buy a straw hat and mix the sulphur and molasses.

From all accounts of their ability to disappear over the horizon the rum runners are not such rum runners after all.

There is no wind that can blow away a trail of bad checks.

TELL IT ALL.

California ought to tell more in its advertising about other things we have than fruit among our countless resources. Nearly every advertisement of the state contains something about oranges, lemons, and delicious fruits, but there is not so much said about our vast dairyland cattle and even the humble but plentiful chicken.

The natural thing to do is to advertise fruit or vine because they look good and sound good in display matter. But there are a lot of easterners who want to know something about our other resources. Dairyland is a big state leader. But we see Kings County and its vineyards spoken of, and its peaches and apricots, but the mention of animal industry is small.
Why not turn over a new leaf and include hogs, cattle and many other of the good things in our hooves? We want our fruit advertised, to be sure, but we would like to see all else get proper recognition so that we can make good our claim of diversified products.—Hanford Sentinel.

THE TRIBUNE

H. L. Mencken, we understand, does not approve of columnists using "we." He thinks it is an affection and wants to know who "we" are. In our case the explanation is simple. We keep a George Jean Nathan steadily at work, on the quiet, but we never let him sign anything. "We" is merely an acknowledgment of his existence; it would be too bad to deny him even that little bit of blurred recognition.

Hermoine writes, regretfully, that she cannot support Aunt Prudence Hecklebury for President. "I consider her too Victorian, if you get what I mean," says Hermoine.

We get what she means, all right; but for once she is wrong. Aunt Prudence antedates the Victorian by some years or a "and, in another way, she is dateless, ageless. She was not born to die, immortal Prudence; no hungry generations tread her down.

Our Own Wall Motions.

IT IS ALMOST AS MUCH TROUBLE TO GET OUT OF WORK AS IT IS TO DO IT BUT YOU SHOULD BE WILLING TO TAKE TROUBLE IN A GOOD CAUSE.

We have been reading newspapers and periodicals with some attention for about thirty years. And during that time it has been impressed upon us almost daily that the world is going to the dogs. The fact that it has not completely gone there yet is the most optimistic thought that we have to offer today.

The Aunt Prudence Hecklebury for President Association is growing by leaps and bounds. Just now the association is debating a most important matter—whether the Platform shall come out uncompromisingly for the Abolition of Sex or whether Sex may be optional with the individual. It looks as if local option may win.

A Communication From Archy.

One trouble with cockroaches is that they do not get out into the open air enough even the tumble bugs play golf and it keeps them serene and wholesome even the angle worms feel drawn to the brook side in the spring I am trying to start a back to nature movement among my fellow cockroaches maybe I can count on the co-operation of the housewives league I am convinced that a great deal of the popular prejudice against cockroaches would vanish if they took to the great open spaces yours till prohibitionists become temperate archy

Yeast is Yeast, and West is West, and over the twin shall meet when the California raisin maketh the home brew sweet.

So far no correspondence school has inaugurated a tool-finding course for plumbers.

Queer how a ten-year-old boy never seems to be happy unless some one is chasing him.

Let us write the obituary notices for our country and we care not who makes its laws * * * the subjects to be selected by ourself, of course.

Spring.

O Warm Sunshine!
O Sunshine!
O Pale Moonshine!
O Sunday Hats!
Sweet Spring has come again
To melt our hearts once more,
But I am old, mine drips alone,
No swains knock on my door.
—MISSUS HARRIS.

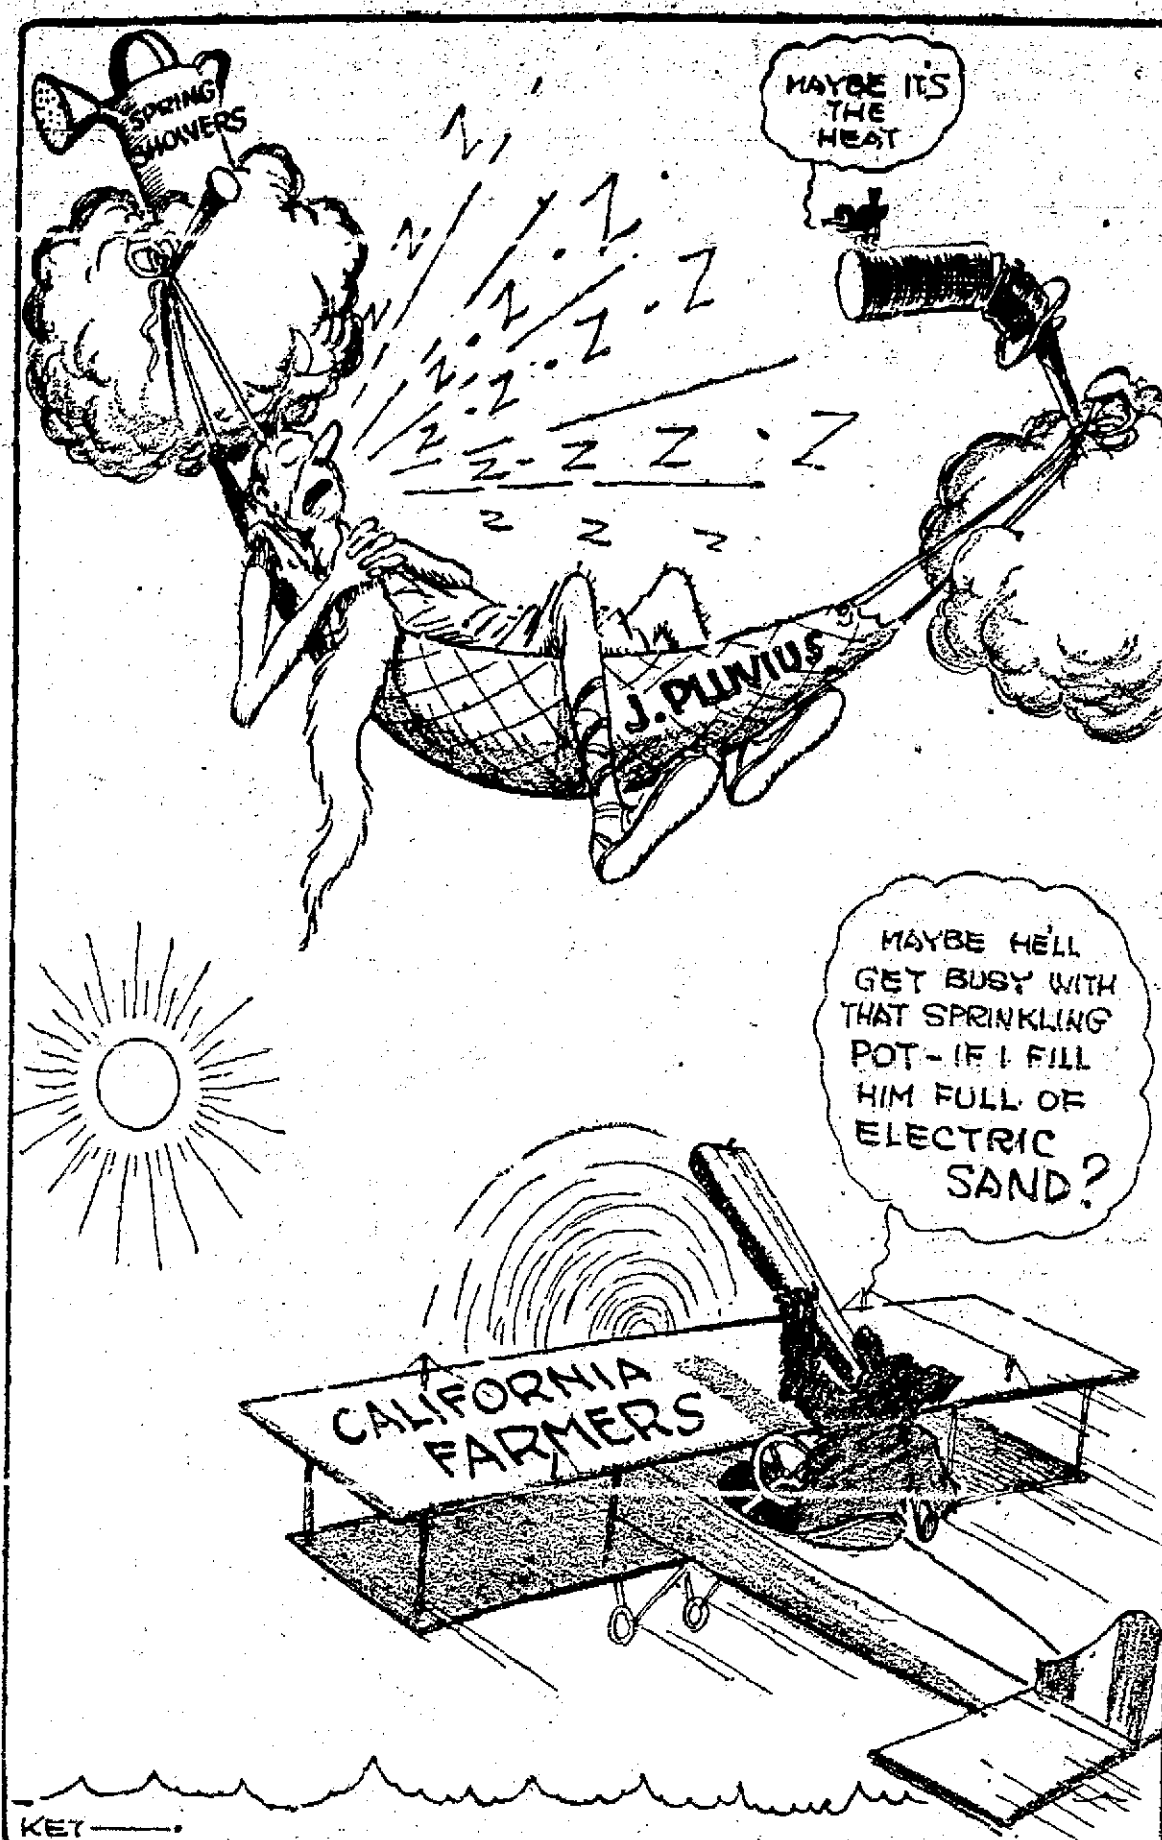

It is a pity that the "The" of the outcropping of race prejudices in a Christian country. We deplore it, likewise, * * * but this isn't a Christian country, by the way. The framers of the Constitution took particular care that it should not be a Christian country, or a Buddhist country, or a Moslem country, or a country with an established church of any sort. It appears that they were pretty well fed up with the established-church game. You are at liberty to worship anything you want to in this country, from old dividends to the Moscow art theater. And if you don't want to worship anything at all no cop can make a case in court against you.

Even the people who are boosting Aunt Prudence Hecklebury for President have not yet had the nerve to propose amending the Constitution so as to establish some particular church. Although that may come to us later, along with other blessings.
DON MARQUIS.

WORLD WANTS CALIFORNIA TREES.

Australia, Japan, India, South Africa and Ireland are all demanding the California tree. The San Francisco office of the United States Forest Service, quick-growing species, such as Coulter and Jeffrey pines, incense cedars, white fir and oaks are desired to supplement the native tree growth of these countries. Seeds collected from the national forests of the State are being used to fill the orders.

ANOTHER WATER DISTRICT THAT NEEDS LOOKING INTO.

EXCERPTS from the NATIONAL PRESS

New York Sun: "Intelligence tests, according to the Harvard Alumni Bulletin, have finally determined that all people are below the average intelligence. But an unsuspected virtue of these tests is that the use of them in Massachusetts has exploded an old and dangerous fallacy. More than three thousand high school students in that State were put to the tests; the psychological ratings of the boys examined were consistently higher than those of the girls. So that if girls continue to be valued for their salutariness it is not because of innate mental superiority, but because they take a mean advantage over the boys by studying."

Chicago Tribune: "In 624 days the national legislative body enacted 931 laws. During the same period many State legislatures were grinding out more. There are already so many laws on the statutes, Federal and State, that they cannot be enforced, and the result is that we are in effect deprived of the constitutional guaranty which declares that no one shall be denied the equal protection of the laws. The most conscientious attorney-general cannot perform his whole duty, for none has means enough to enforce all the laws against all offenders."

Brooklyn Eagle: "President Harding shares with every other citizen the privilege of having his income tax returns kept secret. He's a man of considerable wealth. But experts can guess on his tax on the Presidential salary of \$75,000, and they guess \$17,990, which is not an unimportant contribution to the nation's finances."

Seattle Times: "Announcement by the chairman of Brazil's delegation to the Pan-American conference that his country opposes reduction in armament indicates the approaching meeting at Santiago."

SPIRIT of the STATE PRESS

A remarkable annual report of the Palo Alto city health officer says that there have been no cases of diphtheria in that city during the year, and not a case of either mumps or measles. Once youngsters were exposed to the diseases of children on the theory that "they will have it anyway and might as well get it over," but physicians and parents are much more careful now.—Watsonville Enterprise.

At any rate we never went as far in California at being sloppy over murderers as in this case reported from Washington where a brutal murderer got a three weeks stay of execution on the plea that he was not spiritually prepared to die. How about his victim?—Stockton Record.

The bottom will fall out of rents when there is a housing surplus—more homes for rent than tenants to fill them. Things are moving in that direction at last.—Chicago Enterprise.

PERSONAL SERVICE

By WILLIAM BRADY, M. D.
M.D. Pediatrics and Gynec.

THE SQUARE DEAL

There has grown up in recent years along with the race suicide propaganda, which assumed the name of "birth control" but which is really race suicide, a false notion that the modern woman is so high strung and all that sort of tommyrot, that she has lost the ability to feed her young.

There are some modern women so high strung that they can do nothing but play bridge, smoke, drink and indulge in small "emas practice with anything convenient as a target. But it is not fair to judge their worth by these "emas" specimens. The truth of the matter is shown by unimpeachable statistics from widely separated communities throughout the country. In the mass, the will and ability to nourish infants at the breast increases as intelligence increases. It is really more an indication of ignorance than it is of disability that many mothers fail to nurse their babies. For instance, in 1919, the University of Minnesota breast feeding investigating bureau supervised the care of 2,847 babies, and 96 per cent of these babies were being nursed at the breast when they were two months old. When the babies were nine months old, 72 per cent were still receiving breast feeding.

I have said once or twice before that there is a pretty high order of intelligence in Minnesota. The observations made, and the results obtained, in this Minnesota campaign for a better race, confirm the teaching that improper instruction or lack of proper instruction is the chief reason for most failures at nursing infants.

So far as any treatment of nipples or breasts is concerned, either preparatory for nursing the baby or in the earlier days or weeks of nursing, in my judgment the wisest policy is non-interference. Unless individual medical advice is available the expectant mother or nursing mother should not let all remedies or treatments recommended by well-meaning friends severely alone.

Where the local health administration fails to provide good health advice concerning babies, expectant mothers may obtain a valuable free pamphlet on "The Care of Your Baby" from the public health service, Washington, D. C., which answers many of the questions arising in regard to preparation for the baby's coming and nursing and artificial feeding. But most municipal, state or provincial health departments now furnish such information and instruction free to the public on request. The trouble with such baby care literature, is that it is not always carefully edited, and so some rare old granny ideas manage to creep in. For instance, in the Public Health Service pamphlet I have just recommended, is a chapter on "Teething" and there slipped in a weird allusion to that barbaric practice of the dark ages, "lancing" the gums. They might hire an experienced doctor to edit the copy before it goes to the printer. Plenty of room for ancient jokes in the almanacs.

THE FORUM

The editor of THE TRIBUNE desires to

possibility for opinions and statements

presented in this column. Brief contributions

on current events of general interest are

welcome. They will be accepted, if the

author will accompany them to the

printer. Plenty of room for

ancient jokes in the almanacs.

AERONAUTIC ASSOCIATION.

To the Editor of The Tribune:

At the Aerotic Congress in

Detroit last October the National

Aerotic Association of U. S. A.

was organized. Delegates from all

parts of the country to the number

of 350 were present. The New

England States were represented

by ten delegates and the Pacific

Coast States by eleven, which

indicates the nation-wide character

of both interest and representation.

Prior to the time of the formation

of this association there was no

organization in America which

adequately represented the aerotic

interests of our country as a whole.

Many of the larger cities had

clubs, but none of these was free

from local interests.

The National Aerotic Association

of U. S. A. was found to foster,

encourage and advance the science

of aerotics and all kindred and

allied sciences, and to organize into

a patriotic body "without capital

stock and not for profit" the

national sentiment supporting a

commercial and military - naval

aerotic program. It is well

recognized that the security of our

country depends upon an air

program that shall keep abreast of

our economic and national activities.

A nation-wide campaign for

membership is to be inaugurated

during the coming month of May.

We feel confident that you will do

all you can to help in this

campaign, so that the National

Aerotic Association, through your

support, may fulfill its promise to

promote aviation, a branch of

science of vital importance to the

national security and welfare.

This association is controlled by

no financial or commercial

interests. It represents the aerotic

interests of our people as a whole.

I would not feel free to ask your

support to this organization, if it

was not so. I myself have no

financial interest whatever in the

industry, not even in the companies

which bear my name.

Any support that you may give

to this movement will be greatly

appreciated, not only by myself, but

by all who realize the importance

of aerotics in our national pro-

gress. ORVILLE WRIGHT.

PAMPHLET TELLS CHEST AID SCOPE

Agencies to Benefit by Community Charity Reduce Death Rate of Foundlings From 58 to 4 Per Cent

Facts reflecting the scope of the charitable and welfare work carried on in the city of Oakland are made part of a folder which the Community Chest Executive Committee will place in circulation next week as a preliminary educational program for the coming Community Chest campaign.

Stress is laid in the pamphlet on the fact that contributions to charity can only accomplish maximum results when placed in the hands of institutions and agencies organized for and devoted to the sole purpose of carrying on charitable and welfare work.

"Your contributions render full value only when they are administered through competent and recognized agencies," declares the pamphlet.

OLD QUERY ANSWERED

"Our present day answer to the ancient query, 'Am I My Brother's Keeper,' is given in our charitable and welfare activities and institutions," reads the pamphlet by way of introduction.

"In supporting them we recognize and discharge the responsibility that rests upon the more fortunate to care for the less fortunate."

The Community Chest is described in the brochure as "offering the best way yet devised for providing funds necessary for carrying on the community welfare, charitable and philanthropic work."

Under the heading "Some Facts," the following paragraphs are published:

"An average of 520 orphans and abandoned children were cared for last year in eight of the Community Chest institutions."

"The Oakland Community Chest institutions caring for the aged report an average of 20 cases cared for daily."

"There were 390 babies born and cared for last year in the institutions represented in the Community Chest budget."

"Community Chest institutions last year furnished more than 49,000 free meals."

BABIES SAVED

"One hundred and sixty-two good homes were found for orphaned and abandoned children through the Community Chest agencies last year."

"Nine thousand investigations were made of families in needy circumstances and 8,000 persons received assistance in the way of food and medicine through the efforts of one agency."

"Fifty-eight per cent of the foundling and discarded babies died in Oakland a few years ago—now less than 4 per cent due to the efficiency of the work performed by Community Chest institutions."

Epworth League Officers Organize

Past presidents of the California conference of the Epworth League have formed a permanent organization with Charles H. J. Truman as permanent chairman.

James Stunchock of San Francisco was elected vice-president; Miss Blanche Bowers of Oakland, secretary; and Jesse Berger, also of Oakland, treasurer.

Berger is at present state president of the Epworth League.

Dr. Tully C. Knowles, president of the College of the Pacific at San Jose, and Dr. A. C. Stevens, president of the National Bible Training School in San Francisco, were elected honorary members of the Past Presidents' Conference.

Gen. Morton Will Be Guest of Guard

BERKELEY, March 29.—General Charles G. Morton of the Ninth Corps area of the United States army, will be an honor guest next Tuesday evening at the dedication of the new Berkeley National Guard armory.

Log rafts with more than five million feet of timber in them are towed from Astoria to San Diego, on the Pacific coast.

U. C. Instructor Fined in Court As Speed Fiend

ALAMEDA, March 29.—Raymond H. Franzen, 51 Canyon road, Berkeley, assistant instructor in education and psychology in the University of California, was fined \$10 by Judge L. R. Weinmann in the Alameda police court today on a charge of making forty miles an hour over the Webster marshland road.

Instead of paying a fine, E. C. Marden, Alameda man, chose to do without driving his machine for two weeks.

John McNeil, delivery boy for an Oakland florist shop, was sentenced to one Sunday in jail. Declaring he had to work next Sunday, Judge Weinmann postponed the day for serving his sentence until April 8.

COURT TOLD OF BLOOD ON ALLEN CASH

Chemist Reports Upon Stains On Ax and \$20 Bill Found in Pocket of Suspected Slayer; Doctors Hit Story

Victim's Family

MRS. FRANCES DOWDY and her two children, WALTER, Jr., and DOROTHY. Mrs. Dowdy's husband was murdered with a hatchet. Harry Allen is now on trial accused of the slaying. Expert medical testimony featured the hearing yesterday at which both the prosecution and defense scored.

AUTO TOLL FOR DAY IS 11 INJURED

1 Victim, Alex. Sharpe, Aged Veteran of Civil War, Is at the Providence Hospital Hovering Close to Death

Eleven persons, victims of automobile accidents, all of which occurred last night, are suffering from injuries today.

When Joseph Conetto, 33, of 475 Forty-second street, attempted to retrieve his hat, which was blown from his head as he alighted from a street car at Thirty-first street and Telegraph avenue, he was struck by an automobile and received a fractured leg and a broken collarbone. The machine was driven by E. B. McCallum, 456 Thirty-fifth street.

Alex. Sharpe, 30 Montel street, a veteran of the civil war, will probably die from injuries he received when he was struck by an automobile at Twenty-sixth street and Broadway, driven by Mrs. T. H. Smith, 466 Broadway terrace. He was taken to the Providence hospital, where it was discovered that he was suffering from internal injuries and severe bruises and cuts. He is 76 years old.

When he fell from his bicycle at East Fourteenth street and Twenty-second avenue, George Schin, a seaman, a scowboy, received cuts and bruises. He resides at 2215 Nineteenth street.

Forced from the sidewalk by a 50-foot embankment by a touring car which was on the wrong side of the road, Mrs. A. E. Wilson and her son-in-law, Frank W. Gregory, who live at 363 Miller road, and who were driving home in their automobile, had a narrow escape from death. They suffered only cuts and bruises and were treated at the Emergency hospital. The accident occurred near their home.

Seven-year-old Verna Aguras, 1625 Eighth street, received cuts and bruises while playing in front of his home when he was run down by an automobile driven by Robert A. Pick, 329 Kirkham street.

Mrs. Mary E. Wilson, 787 Thirty-sixth street, was severely cut and bruised when the automobile in which she was riding with her husband, T. W. Wilson, collided with a machine driven by Mrs. H. T. Brown of Ross, Cal. at Forty-second and Grove streets. Wilson and Mrs. Howe were uninjured.

Four men were injured when the automobile in which they were riding overturned at Nineteenth avenue and East Fourteenth street. They are: F. Vasconcelos, 34, 936 Twenty-sixth avenue; A. Frank, 30, 2001 Twenty-second avenue; Henry Cannara, 31, 2314 East Nineteenth street; Manuel Estrella, 20, 2642 East Twentieth. All were treated at the Emergency hospital for cuts and bruises.

OVERTURNED AUTO MYSTIFIES POLICE.

SAN FRANCISCO, March 29.—The discovery of an overturned automobile which apparently had been either crowded off the highway or hit by another machine has given the police a new case to investigate. There were no signs of blood or indications that anyone was hurt, but nevertheless officers of the inspection station made an inquiry at nearby houses and canvassed all of the hospitals. The wreck was found on Junipero Serra boulevard, between Ocean avenue and Sloat boulevard.

DRIVE OF NOBLE ENDS IN SMASHUP.

The first attempt of Harry Loyd, 1569 Fourth street, at driving an automobile almost landed him at a hospital yesterday and resulted in injuries to another autoist. Loyd was trying to drive at Sixth and Page streets, collided with another car piloted by E. R. Bowron, 2626 Highland avenue. Bowron's car was overturned by the impact and Bowron was treated at the Emergency hospital for cuts and bruises.

"The Thing of Dust" Tickets on Sale

BERKELEY, March 29.—Tickets for "The Thing of Dust," 1923 Parthenon of University of California women students, went on sale today. The masque, Assyrian in nature, will be given April 5 and 6 in Faculty Glade. Tickets will be sold at the following places:

In the Stephens Union of the campus, Sherman & Clay's in Oakland and Tupper & Reed's in Berkeley. There will be both reserved and unreserved seats. The first rehearsal of the entire cast was held this afternoon in Faculty Glade.

that Dowdy was killed by unknown robbers, he told of running away during the holdup and of returning after the robbers had left. Allen is quoted as having said that he found Dowdy seated in the automobile and that he shook him and asked him what the matter was. Allen is said to have told the officers that Dowdy raised his hands to his head and said, "My God! My head!"

There will be no session of the trial tomorrow, Judge H. L. Preston having been called home to Ukiah over the week-end.

AUTO CRASHES INTO GATEWAY

SAN FRANCISCO, March 29.—One man was injured and a machine was demolished and the ornamental gate leading into Windsor terrace was destroyed in an accident here today. Fred Rice, 10, 549 Leander way, suffered a broken leg and a fractured arm. Rice was riding along Eighth avenue. When he came to the Windsor terrace entrance his machine struck one of the supports of the gateway. The entire frame was crashed over upon his car, wrecking it and injuring him.

Isaac Walton, a London shopkeeper, did not produce "The Countess Angier" until he was 60 years of age.

FIVE HOLDUP SUSPECTS IN POLICE NET

Prisoners Come Under Suspicion Through Having \$400 in Small Change in Possession; Seek Records

Five men who were arrested at an early hour today and who have refused to give an account of themselves or to explain why they have over \$400 in small change in their possession, are being held by the police under suspicion of being the men who have staged a number of small grocery store and restaurant hold-ups during the last month.

The men gave the names of Mark Stetklich, John T. Reese, G. A. Hurtienne, Paul Olyn and George Van, and all said they had resided at the Hotel Clay-Ten after coming from Los Angeles.

Victims of some of the recent hold-ups will be taken before the men today and an attempt will be made to identify them. Captain of Inspectors Richard McSorley announced.

The attention of Patrolman W. E. Christie was attracted to three of the men when they attempted to have several hundred dollars in small money changed into money of large denomination in the Broadway Grill about 4 o'clock this morning. He questioned the men closely but they refused to explain how the small money came into their possession.

He immediately placed them under arrest and confiscated an automobile which they had left outside the restaurant.

Inspectors William Marshall and Louis Karsch were dispatched to the hotel where the men had resided, and there they arrested Olyn and Van, who are also said to have had considerable small change in their possession. In the room occupied by Reese and Hurtienne an automatic revolver was found, the inspectors reported.

Captain McSorley today assigned two special investigators to examine the histories of the men in order to check up on their stories. He and none had been able to give a clear and coherent account of his activities for the past month, and that all have refused to throw any light upon the collection of small change found in their possession.

Charges have not been placed against the men, but they are being held for investigation.

VETERANS VISIT OAKLAND.

RICHMOND, March 29.—A number of members of the auxiliary to Honor Post, Veterans of Foreign Wars, last night went to Oakland and attended the meeting of Astor post.

and arm, as a result of a collision yesterday afternoon at Durant and Fulton streets between an automobile driven by Brennan and another car owned by the Berkeley Glass company. Brennan was removed to St. Joseph's hospital, in obedience of a doctor's order, for a broken leg and a sprained ankle. The car, which is located at 2023 University avenue.

Rev. Monroe Drew Announces Topic

SAN LEANDRO, March 29.—"Strength for the Greatest Task," will be the sermon topic to be delivered by Rev. Monroe Drew at the First Presbyterian church of San Leandro tonight, in observance of Easter week. The sacrament of the Lord's supper will be observed in conjunction with the service.

NEW BUILDINGS PLANNED.

RICHMOND, March 29.—A store and two apartment buildings will be erected at Seventh street and Nevin avenue by R. W. Timmons, at a cost of \$7000.

Harbor Traffic Gains 50 Per Cent in Seven Months

The traffic burden of Oakland harbor has increased 50 per cent in the last seven months while the facilities have increased not at all, according to statistics furnished the public works department by Harbor Engineer Ralph Beebe and made public to show the need for better facilities.

The sea-borne traffic coming into Oakland's public docks and leased docks in the seven months included:

106,581,500 feet of lumber
287,972 bundles of lath
43,429 bundles of shingles
28,827 tons of sand
10,653 tons of gravel
18,653 tons of rock
8,223 tons of iron
6,371 tons of tin
6,005 tons of cement.

These cargoes included only the heavier stuff used in building, and no mention is made of the miscellaneous dry-goods and foodstuffs, according to the officials.

The increase for the year, according to the officials, is expected to be about 70 to 80 per cent over last year.

Boy Scouts Prepare For Kite Contest

ALAMEDA, March 29.—Boy Scouts of Alameda are preparing for their annual spring Kite Day which is to be held Saturday afternoon at 2 o'clock at the foot of Garfield avenue.

To date more than 100 Scouts have signified their intention of participating in the event and many of the Scouts are entering from two to four kites.

Prizes are to be awarded to the troop whose members obtain the most points, to the patrol making the best showing and to the individual Scout whose kite is in various classes and degree of workmanship.

Kites which have been entered in the race include so far one two inches in length and one sixteen feet long as well as many with movable parts including a parachute and a propeller.

NEW BRIDGE TO BE U. C. SENIOR CLASS MEMORIAL

BERKELEY, March 29.—In accordance with tradition, this year's senior class will give the University of California memorial in the form of a bridge to span Strawberry creek, at the south-western entrance of the Student Union.

The present bridge is a temporary wooden structure, which is used daily by hundreds of students. The proposed memorial bridge will be a large permanent structure of concrete, which will be in harmony with the Student Union building, and the architectural scheme of the campus.

The benches on the bridge are included in the tentative plans.

Adelphians to Hear Dramatic Reader

ALAMEDA, March 29.—Dramatic readings by Miss Gladys Emmons will constitute one of the entertainment numbers for the Monthly Union meeting of the Adelphi club on Thursday afternoon, April 5.

Other numbers include a "cello selection by Miss Mary Katherine Sherwood with Miss Daisy Deane Foster as accompanist."

Miss James E. Higgins will be the hostess for the day.

NEW BUILDINGS PLANNED.

RICHMOND, March 29.—A store and two apartment buildings will be erected at Seventh street and Nevin avenue by R. W. Timmons, at a cost of \$7000.

Sonoma Girls Get Out Costumes Worn in Golden Forties

Old chests are ransacked in anticipation of the California Mission Centennial celebration at Sonoma in July and early day gowns and suits are resurrected. Above are shown (left to right), MISS RUTH B. McDONALD, of 2624 Haste street, Berkeley, wearing the wedding shawl of her grandmother, Mrs. J. R. Cooper; MISS EDNA COOPER, another granddaughter, in the dress Mrs. Cooper was married in 1847; GRANTVILLE HARRIS, in the wedding suit of his grandfather, J. R. Cooper, and MISS KATE McDONELL, city librarian of Sonoma, wearing her grandmother's wedding dress. Below, MISS EDNA COOPER is shown in the bridal dress of her other grandmother, Mrs. Dunn, also an early resident of California, and still living, at Vineburg, 88 years old.

CITY AUTHORIZES S. P. SPUR TRACK

The city council today granted the Southern Pacific company permission to construct and operate a spur track from the Durant auto plant spur to the Chevrolet auto plant. The San Francisco Oakland Terminal Railway was also granted a spur track along Twenty-second near Adelino. The Southern Pacific right will operate along a private right of way, crossing Kipling and Bancroft avenues and Sunnyside street.

The council revoked seven liquor licenses. They were: M. Klein, 357 Thirteenth; J. C. Benson, 1730 San Pablo; F. Crawford, 359 Twelfth; Victor Lester, 634 Broadway; T. Gannon, 72 Broadway; R. Afflick, 2500 San Pablo, and J. Edwards, 1600 Wood.

A protest against the proposed opening of Florida street was laid over the council for investigation. Ninety-sixth avenue was ordered improved from East Fourteenth street to Foothill Boulevard.

Miss Cooper is doubly fortunate in having at her disposal another wedding gown, that of her grandmother, Mrs. Dunn, who is still living at Vineburg, 88 years old, bright and cheerful, and who only consented to allow the dress out of the house when she learned it was to be used for the centennial.

The dress is a silk plaid of faded silk, predominantly green in tone, still in a fine state of preservation.

PLEADS NOT GUILTY. Howard L. Royston, charged with being the leader of the bandit gang that held up and robbed nearly three hundred guests at the Peralta Inn several weeks ago, was arraigned before Judge James Preston of Oakland, sitting for Judge Samuels, today. Upon his entering a plea of not guilty, his case was set for May 10 for trial.

HEARING IS SET ON RAIL MERGER

CONTEST WILL BE EXTENDED

The message of the Good Will Contest inaugurated by W. C. Durant was placed before 500 business men and women meeting at the Hotel Oakland today in honor of Admiral William S. Sims, U. S. N., retired. Attention was called to the appeal made by Durant in behalf of Devastated France.

FAMOUS TENOR TO SING TOMORROW

SHORTENER

... If as a professor he could find some remuneration for rearing of his children then surely should command it in line of work he is following. To say he himself feels he is doing more for his kiddies than could if he were giving his time energy to the class room, and giving the large salary suggested, has proved that environmental influences are mostly past in character. Our social workers feel keenly that environment is the dominating factor rather than heredity during period of childhood especially. Science has shown us that mental qualities or the mind is plastic as the physical ones. Brain and nervous system of the child offer a splendid field for environmental forces. This being why not improve the conditions of the home and raise up their children, the chances would be theirs.

... Whether the child is a genius or otherwise, of the parents has the right to

make yourself," yawned the Understanding Scissors. "Why don't you make some Easter bunnies in their stead?"

"Pooh! How can I make Easter bunnies?"

"Easy as giggling! Boil some white eggs and I'll do the rest." So Betty boiled a dozen white eggs.

"Tell me. You're going to tell me yourselves! I'm going to make you love me! I'll be patient—I'll not hurry you—but some day you'll have to tell me that I've—I've won you!"

He had spoken swiftly, almost sternly, with a sort of desperate determination. Now he trembled and gasped as suddenly as he had grasped them, and added, in a lower tone:

"Until that time I'll not—not harvest—kiss the top of your hair, Henriette," he said.

colored the insides of the ears with pink crayon. Then the ears were fastened on either side of the "head" with dabs of sealing wax. The rabbit eyes, nose and whiskers were painted in dark gray and pink. And a bunch of white cotton balls made the sauciest little tail!

The nest was made from strips of green tissue paper. They were so cunning that Betty longed to climb in herself. The little rabbit cuddled down inside and then tiny candy eggs were placed around him.

On the Saturday night before Easter Betty put her Easter bunnies in a big basket and then made twelve calls. At each home she put the little rabbit on the door sill, rang the bell and then hid while a surprised little friend squeaked.

THE PLAN LILLIAN SAID DR.

"But Katherine has done her work so well," she smiled, "that Joe flatly refused to have any other woman in the factory except one who is connected with the authorities. Fortunately, the superintendent is as wise and discreet a person as any one would wish. Joe's friends were informed that Katherine was an old employe of the hospital who had married and gone away, and just returned while her husband was in the hospital. They were satisfied, apparently, but you can bet they're in communication with Smith—Mr. Briggs reports that he has had a visitor—apparently a laborer—and you may be sure Smith has related what he knows concerning us to these people. Therefore there must be a possibility of a connection with Katherine. She was here so short a time that with the discretion of the hospital authorities to aid us I do not think her identity can be discovered unless we are careless."

"GOOD SCHEME, EH?"

"'Won't we be able to see her before she goes?' I asked anxiously."

"Yes. I told you that before," William retorted. "I have a scheme, but I haven't the details worked out yet. Dr. Pettit is our one best bet. I tell you our Herbie has his strong points. When he once gets his scruples concerning his professional dignity and ethics out of his system he's a sleuth of parts."

"I'll radio the universe."

"Look at what he's doing with his trunk," she went on enthusiastically. "Of course, he's above

her friends of Joe, because he's the most popular physician around, and his visits here would mean nothing. But he has waited for a chance to get into the dark and rainy street, and arranged for a supposedly emergency call from the hospital. When he has dashed off here, picked up the trunk, stowed it in the tonneau of his car under a robe, and he'll watch his chance to get into the hospital to have the night porter absolutely trustworthy chap—smuggle it into the storeroom. When Catherine leaves it will be the most natural thing in the world for her to have her trunk brought from the storeroom. Good scheme,

"Very good," I returned. Then added dryly: "But you don't expect me to believe it originated with Dr. Pettit?"

I looked at her significantly and laughed as I saw her flush ever so slightly.

"Smarty, smarty, had a party!" she chanted, then spread her hands in a characteristic gesture.

"What difference does it make who first thought of it?" she demanded.

"None," I returned, "except that never in all my experience of you did I know you to take the credit for anything you planned."

"I am not a person who takes credit," she retorted, "shaking violently," she retorted, "Please don't label any of my friends a money snout, though it might make 'em mad. But enough of that! Listen the news Herbie brought."

STRIKE ENDED BY STRIKER SHOPMEN SAYS PRESIDENT

Northwestern Pacific Road Makes Report on Trouble to Labor Board.

SAN FRANCISCO, March 29.—A letter from President W. S. Palmer of the Northwestern Pacific Road, made known to the United States Shipping Board, giving notice that the strike of the men themselves called off the strike on that road, was made public today. This is said to be the first authentic instance of the kind reported to the Labor Board. The strike was settled February 15 and the report of its settlement made in a letter sent out from Palmer's office here.

With his letter to the board, Palmer enclosed a communication which he had received from the officers of System Federation 115, notifying him that their organization had officially called off the strike. This is said to be the first time since the beginning of the strike, on the first of last July, that the strikers themselves had ended the walkout without some kind of an agreement.

President Palmer stated in his letter to the labor board that the striking shopmen will be treated as men applying for work without any previous service with the railroad. He said that practically all the men employed in the shops of the railroad left the service on July 1, 1922, and that they have been replaced by an almost entirely new force which has formed its own organization.

He announced that men who were formerly in the employ of the road, and whose record during the period of the strike was not one of open antagonism, might make application for employment, just as any new men might do, in granting employment, former service, age and physical condition are to be taken into consideration, just as though such men had never before been in the company's service and just as vacancies occur.

Palmer also has received here that B. M. Jewell, head of the Federated Shopmen, and strike leader, refused to make any comment on the situation or to discuss the present status of the strike on railroads where no settlement has been reached.

VEPERS HELD TOMORROW

Organ vespers will be held tomorrow afternoon at 5:15 at the First Unitarian church, Berkeley. Harvey Joy, organizer, will read the following: "The Seraph's Strain," (Wolstenholme); "Lamentation," (Gutman); "Meditation Religieuse," (Scott); and "Good Evening," (Wagner).

For Indigestion

After eating or at any time when one or two Stuart's Dyspepsia Tablets relieve the gassy, sour, rising, flatulence, belching, bloating, heartburn, indigestion and such troubles due to indigestion. They give the stomach the alkaline effect the same as when the stomach is working normally. Carry them loose in your pocket. Chew them. Get a 50-cent box today, any drugist. They sure do work. You know. You can't be sure that the stomach works without gassiness, sour rising, belching, and so on, you generally feel fine, no heartache, no indigestion, none of that dead, tired feeling. Be sure to get a box of Stuart's Dyspepsia Tablets known to wise people all over the U. S. and Canada as the one reliable relief for indigestion.—Advertisement.

RED PEPPER HEAT STOPS BACKACHE

The heat of red peppers takes the "ouch" from a sore, lame back. It can burn your back and it certainly ends the trouble at once. When you are suffering so you can hardly get around, just try Red Pepper Rub, and you will have the quickest relief known. Nothing has such concentrated.

Apply Red Pepper Rub you will feel the tingling heat. In three minutes it warms the sore spot through and through. Pain and soreness are gone.

Ask any drugist for a jar of Red Pepper Rub. Be sure to get the genuine, with the Rowles on each package.—Advertisement.

Important to All Women Readers of This Paper.

Thousands upon thousands of women have kidney or bladder trouble, and never suspect it. Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

They may suffer pain in the back, headache and loss of ambition. Poor health makes you nervous, irritable and may be dependent. It makes any one so.

But hundreds of women claim that Dr. Kilmer's Swamp-Root, by restoring health to the kidneys, has cured their bladder and kidney troubles.

Many need for a sample bottle to see what Swamp-Root, the great kidney, liver and bladder medicine, will do for them. By enclosing ten cents to Dr. Kilmer, Co., Birmingham, Ala., you can receive a sample bottle by Parcel Post. You can purchase a medium and large bottle at all drug stores.—Advertisement.

Keen Interest Shown in Water District Directors

Today is the last upon which candidates for directors of the proposed public utility water district can file notice of their candidacy, and it was featured with the announcement that H. Frank Cary would enter the lists as a candidate for director of ward 3, in opposition to L. Standish Hall, who has already filed.

Cary is the candidate placed in the race for ward 3 by the Santa Fe club, one of the oldest civic organizations in Oakland. Cary is chairman of the public utilities committee of the club which has announced his candidacy. Cary resides at 743 Fifty-third street, and is Pacific Coast manager of the Hooper-Holme Bureau, San Francisco.

Hall, who will oppose Cary for director of ward 3, is the candidate of the Public Utilities Water District League, a union club, chosen by Grand D. Miller, county coroner, as a candidate for ward 4. Hall is a civil engineer.

The contest in the Berkeley district will be confined to Mayor Louis Bartlett and Samuel C. Irving. It was indicated today, Mayor Bartlett formally announced he would file, while General Henry C. Haines, retired, who yesterday announced his candidacy, today announced his withdrawal in favor of an agreement.

President Palmer stated in his letter to the labor board that the striking shopmen will be treated as men applying for work without any previous service with the railroad. He said that practically all the men employed in the shops of the railroad left the service on July 1, 1922, and that they have been replaced by an almost entirely new force which has formed its own organization.

He announced that men who were formerly in the employ of the road, and whose record during the period of the strike was not one of open antagonism, might make application for employment, just as any new men might do, in granting employment, former service, age and physical condition are to be taken into consideration, just as though such men had never before been in the company's service and just as vacancies occur.

Palmer also has received here that B. M. Jewell, head of the Federated Shopmen, and strike leader, refused to make any comment on the situation or to discuss the present status of the strike on railroads where no settlement has been reached.

MISSING REALTY DEALER SOUGHT ON THEFT CHARGE

Woman Client Accuses R. O. McCline of Keeping \$1500 of Her Money.

R. O. McCline, missing Fruitvale real estate operator, is now being sought on a felony warrant sworn to by Miss Bella Piccardo who alleges that he sold a lot for her and retained the \$1500 paid by the purchaser.

The issuance of the warrant to Miss Piccardo followed the announcement from the McCline residence at 4433 Pleasant Valley Court that he had failed to keep an appointment with Mrs. McCline last Saturday night.

According to the statement issued by the district attorney, the missing man has been on the verge of a nervous collapse due to business worries. No word has been heard from him by his wife since his disappearance.

McCline, the police are searching for McCline to arrest him on the warrant of Miss Piccardo to question him concerning \$1400 in premiums collected for the Springfield Fire and Marine Insurance Company which he represented. The Southern Pacific is now compelling the Southern Pacific to relocate its tracks at the terminal.

On the latter proposition the railroad has taken no appeal. Gray says the way is clear to compel the railroad to change its present switching system.

The long negotiations for a depot, held up indefinitely while the Athens Athletic club considered the site for a club and depot combined, are now expected to come to a head, says Gray.

At the request of representatives of the Athens Athletic club, the city of Oakland held its hand. We did not wish to prevent the possible erection of a fine building which would be a credit to the city and a railroad terminal combined; but now that the Athens officials have decided to place the club in Oakland is going to resume its battle for a depot.

There were two requests in the city's original demand concerning the terminal and Franklin. They were:

- 1.—That the Southern Pacific build a new building.
- 2.—That the Southern Pacific adjust its truckage and switching methods.

The railroad commission, about a year ago, decided in favor of Oakland, issuing an order compelling the Southern Pacific to spend \$50,000 on a new building, and change its switching methods.

The Southern Pacific asked the supreme court for a writ of review concerning the building, but made no appeal concerning truckage.

"Now," promises Gray, "we'll set a review on layout and go after a new depot."

Fraud in Land Deal Is Laid to Banker

Charging that B. F. Lynip, former president of the College National Bank in Berkeley, used his knowledge gained as head of that institution, in furtherance of a scheme to defraud, M. G. Kennell today filed suit against Lynip and M. G. Kennell for damages of \$400 and for an injunction to prevent him from disposing of certain property.

The complaint alleges that Kennell did his banking business at the Lynip institution and that the bank called a loan of \$12,000 which he had, and then made a statement of all his assets, and in this manner, it is alleged, Lynip learned of his holdings, among which were twenty-eight pieces of improved real estate, covered by a trust deed on which there was a balance due of \$1400.

Kennell made arrangements to take up the balance and this was learned by Lynip. It is alleged the banker then purchased the trust deed, paying \$3500 for it. It is charged that Lynip sought to force and seeks to sell the property to satisfy the judgment, according to the allegations.

MOTHER! MOVE CHILD'S BOWELS

Warning Fig Syrup is Child's Best Laxative

Hurry Mother! A teaspoonful of "California Fig Syrup" now will thoroughly clean the little bowels and in a few hours you have a well, playful child again. Even if croup, feverish, bilious, constipated or full of cold, children love its "fruity" taste, and mothers can rest easy because it never fails to work all the way down to the bowels without gripping or upsetting the child.

Tell your druggist you want only one thing—"California Fig Syrup"—which has directions for babies and children of all ages printed on bottle. Mother, you must say "California." Refuse any imitation.—Advertisement.

ISADORA LOSES U. S. CITIZENSHIP, BUT GAINS RUSS

MOSCOW, March 29.—Isadora Duncan, the dancer, who was deprived of her American citizenship by a recent ruling of the department of labor, is now a Russian without country, but can always find a haven in Russia. The Soviet minister of education and art, M. Lunacharsky, said today that Miss Duncan can always Russian citizenship.

When she was arrested at Soviet Consulate at Moscow, Miss Duncan elected to remain an American citizen, the Soviet laws giving foreign wives the right to elect by preference their own or their husband's nationality. Thus she is still an American in Russia, though Russian in the United States.

CITY TO RENEW DEMAND ON S. P. FOR NEW DEPOT

City Attorney Leon E. Gray today announced that he is preparing a formal request that the petition of the city of Oakland to compel the Southern Pacific to build a better depot at Fourteenth and Franklin be restored to the supreme court calendar, and that an immediate order be issued compelling the Southern Pacific to relocate its tracks at the terminal.

On the latter proposition the railroad has taken no appeal. Gray says the way is clear to compel the railroad to change its present switching system.

The long negotiations for a depot, held up indefinitely while the Athens Athletic club considered the site for a club and depot combined, are now expected to come to a head, says Gray.

At the request of representatives of the Athens Athletic club, the city of Oakland held its hand. We did not wish to prevent the possible erection of a fine building which would be a credit to the city and a railroad terminal combined; but now that the Athens officials have decided to place the club in Oakland is going to resume its battle for a depot.

There were two requests in the city's original demand concerning the terminal and Franklin. They were:

NEW SCANDALS ARE HINTED IN BUNGO PROBE

Denver Grand Jury Questions Jurors Who Returned Guilty Verdict.

DENVER, March 29.—The county grand jury today began to probe the bunco case. The first juror of the 12 who late yesterday returned a verdict of guilty against all of the 20 defendants in the nationally known confidence ring case went before the grand jury this morning. Other jurors were to follow as fast as the grand jury could complete their questioning.

George E. Sharp, who almost upset the verdict of guilty while the court was polling the jury by declaring "I was sick and could not do anything else," had not reported at the district attorney's office up to 10:20 o'clock.

The investigation has aroused even more interest than the trial because the names of men well-known in the city have been mentioned in the case.

Subpoenas were served on the jurors immediately after they had given their verdict and had been discharged shortly before 6 o'clock last night.

Reports were obtained during the trial that threats had been made to jurors if they returned a verdict of guilty and Herman O. Kulk, one of the jurors, asserted that he was offered \$500 to prevent a verdict of guilty.

LENIENCY RECOMMENDED.

The twenty men found guilty after the jurors' 150 ballots, and a record breaking session of four nights and five days in the jury room, received the verdict calmly, but the wives of three of the convicted men burst into hysterical weeping.

Leniency was recommended to the court by the jury for all the defendants, in a communication handed to Judge Lawrence Francis, after the verdict had been returned.

The men convicted are: John Allison, Lou Blomberg, Thomas Beach, George Belcher, Walter Byland, A. E. Cooper, Robert B. Davis, William Dougherty, A. W. Duff, J. H. Foster, J. H. French, Jack Haraway, Louis Mushnick, Shave Olson, A. H. Potts, W. L. Strath, George Walker, George Williams, and C. C. Young.

The twenty men face penalties (terms ranging from one to ten years). They were convicted on three counts, conspiracy to commit fraud through the operation of a confidence game; general conspiracy of committing or attempting to commit crime through the operation of a confidence game, and conspiracy in connection with a confidence game.

WIRE SENT TO VICTIMS.

District Attorney Van Cise last night telegraphed the verdict to each of the victims of the bunco ring who had come to Denver to testify. They were from all parts of the United States and one, Herbert Gray, lives in Devon, England. He lost \$25,000 to the men convicted, and made a special trip to England to bring the money to Denver.

The district attorney's telegram read: "All men convicted. My thanks to you for your good citizenship."

The telegram went to: P. G. Schaeffer, Chelsea, Mich.; Stephen Appenheimer, New York City; Tang Nelson, Tempe, Ark.; Alfred Schelen, Spokane, Wash.; John Enright, Fort Smith, Ark.; J. Frank Northing, Hale County, Texas; Herbert Gray, Devon, England; George Kauffman, Seipula, Okla.; J. M. Dudley, Wetumka, Okla.; C. E.

HEROIC NURSES HONORED WITH U. S. MEDALS

Distinguished Service Medals were presented today to Mrs. Grace Aubert of this city for her daughter, Lillian Aubert, who gave her life in the World war, and to Miss Reba Cameron, on duty in the American Expeditionary Force, who died while on duty in France.

The medals, which recognize the valiant work of the nurses during the great war, were presented in the name of President Harding. Mrs. Aubert died while on duty in France.

A Distinguished Service Medal also was presented today to Colonel B. Frank Chatham, U. S. chief of staff of the Ninth Corps Area, Captain Harold N. Gilbert, 3rd Infantry, received a Distinguished Service Cross in recognition of certain deeds of valor.

The ceremonial presentation took place at a military review held at the Presidio, San Francisco, in honor of Rear Admiral William S. Benson, U. S. N.

Henson, Haskell, Oklahoma; O. Landman, Visalia, Cal.; Thomas Landman, Grand River, Mich.; C. L. Proctor, Huntington, Wyo.; John R. Peck, Pleasantburg, Ky.; W. H. Scherer, Dallas, Texas; N. Rasmussen, Hawley, Wyo.; James McGrath, Norman, Oklahoma; John C. Pokorny, Okene, Okla.; Joseph Fassel, St. Louis, Mo.; Charles Lundell, Lubbock, Texas; and Charles Unsener, Shawnee, Okla.

CONVICT POLITICAL LEADER.

The district attorney issued the following statements to the Associated Press:

The verdict is in accordance with the evidence and the evidence introduced at the trial. Leniency has been held a sinister influence in political circles of Denver for the last 35 years. The verdict has put an end to this influence.

The trial of the 20 defendants revealed what the prosecution claimed was a gigantic conspiracy to fleece gullible tourists during the height of the tourist season here.

Testimony of more than a score of victims showed that a total running into hundreds of thousands of dollars had been obtained from unsuspecting "bumblers" lured into betting on horses and stock speculations, the vast sums and the exchanges existing only in the imagination of the bunco artists.

After the trial, the defendants were taken to the county jail, where they will remain until they are sentenced.

STOLEN SAFE IS FOUND BY BOYS AFTER TREASURE

LOS ANGELES, March 29.—Three boys went hunting for treasure in the Los Angeles river bed near Griffith Park and found it.

After digging a while, they struck a treasure chest which they thought must be a strongbox, and further digging disclosed a safe, shattered by nitroglycerine.

Deputy sheriffs found that the safe had been stolen from the office of W. W. Weller, of Santa Monica, February 18, and that it then had contained stock and jewelry valued at several thousand dollars and \$350 in cash.

Only the money was missing. The burglars apparently having been afraid to try to dispose of the jewelry and stock.

Robbers Loot Lobby Of Apartment House

SAN FRANCISCO, March 29.—The janitor at the apartment house at 725 Taylor street was five minutes late this morning. Had he been on time he might have succeeded in preventing a daring burglary. At 6 o'clock an automobile express was backed up in front of the door and the contents of the lobby was looted upon it. The loot included chairs, tables, a victrola and a lamp stand. Frank Hurst, proprietor of the apartment house, later notified detective headquarters.

HUSBAND'S STORY WILL AMAZE OAKLAND

He says: "Adler-ika helped my wife for gas on the stomach and our stomach in TWENTY MINUTES. It works beyond greatest expectations." Adler-ika aids in the upper and lower bowel removing food matter which causes stomach, brings out all gases and sour, decaying food. EXCELLENT for chronic constipation. Guards against indigestion. Adler-ika is a powerful purgative. You never thought was in your system and which have been poisoning you for months. Osmond Brothers, Drugists.—Advertisement.

Kidney and Bladder Troubles Conquered or Money Back

For 40 years, said Dr. Carey, I have been prescribing my Prescription No. 777 (known for years as "Blench") for kidney and bladder troubles, and now that I have retired from active practice I have made arrangements with leading druggists to dispense this wonderful prescription at a moderate price.

A money back if dissatisfied plan. Beware of kidney disease—thousands die of it every year who ought to be enjoying the blessings of life and health. Watch the symptoms. If you have specks floating before the eyes, night vision, clammy feet or moist palms, backache or sideache, you ought to get a bottle of Dr. Carey's famous Prescription No. 777 at once.

It has wonderfully benefited tens of thousands of cases of kidney and bladder troubles and is the medicinal remedy for all such ailments. It is quite as guaranteed.

NOTE—Dr. Daniel G. Carey was a practicing physician for many years and his great Prescription No. 777 aided thousands of sufferers from kidney and bladder troubles. Hereafter you will find it in the hands of the prescription in both liquid and tablet form at Owl Drug Co. and all reliable pharmacists the country over.—Advertisement.

SADDLE HORSE SACRIFICED TO WOMAN'S WHIM

Beautiful Animal Killed and Hoofs Sent As Souvenirs of Revenge.

PETALUMA, March 29.—The story of how a beautiful dapple-gray saddle horse was sacrificed to appease the whim of a San Francisco woman, and how the animal's hoofs were cut off and sent her as proof that her wish had been fulfilled, was revealed here today.

The letter "R" branded on each of the horse's hoofs, seen as the animal was being executed, is the only clue to the identity of the woman—a San Francisco mare and the woman who desired its death and the gruesome souvenir.

A few weeks ago the horse was brought to Hansen's establishment here, where old and decrepit horses that have ended their life work are slaughtered and their carcasses ground up for chicken feed.

EMPLOYEES REFUSE DEED.

Attached to the dapple-gray steed was a card bearing instructions that the animal be killed and the hoofs be sent back to San Francisco.

Employees at the infirmary, who know a good horse when they see one, shrank from the task of killing the gray and offered to purchase him for \$100.

The groom who accompanied the steed, and gave his name as Louis Campbell, 1660 Carroll street, San Francisco, refused to kill the gray. When workers objected to striking the blow that would slay the horse, the groom seized the iron mallet and himself fell the animal.

HOOF'S AS SOUVENIRS.

Following instructions, the four hoofs were cut off and sent away in a black bag.

The story goes that the owner of the horse wanted it to die because a woman friend, who had been riding the horse in Golden Gate park, wished to have it killed.

The fact that there is no Louis Campbell residing at 1660 Carroll street, according to word received from San Francisco, adds to the mystery.

GUARANTEED CONSTRUCTION

behind GUARANTEED FABRIC

at guaranteed prices

in FOREMAN and CLARK EASTER CLOTHES

Last week we asked the clothing public to "Search the fabric through the lens." "Look through our high-powered glass," we invited, "at the curling strands of virgin wool in these guaranteed suits and topcoats." Well and good. That invitation stands. We repeat it now. But—what lens will show the guaranteed CONSTRUCTION BEHIND this guaranteed fabric? Even the unfinished garment (like drawing at left) on display at this store, cannot tell you half. We have listed below some of the hand-tailoring operations BENEATH the surface, BEHIND the fabric—features which vitally affect the wear and service of a garment, but almost escape detection by the naked eye.

Foreman and Clark have created an entirely new combination of clothing quality, clothing cost, and clothing service. Read the headlines of this page again. (1) Guaranteed Construction (2) behind Guaranteed Fabrics (3) at Guaranteed Prices, and (4) in Guaranteed Clothes. Think what it means. Take away any one of these four and see what a difference it makes.

Foreman and Clark have also built the greatest public friendship that ever existed between a clothing business and a nation of clothing buyers. We hold 83% of our old customers. We gained 100,000 new customers last year. We have set out to gain 200,000 new customers in 1923, and are doing it day after day. We make every customer a friend. We have more boosters and enjoy more word-of-mouth advertising than any clothing business in the world. We have found that the way to build a personal following is not with soft rugs and a lounging room sales floor, but with real features of value like those listed below, built into these clothes in our own big New York factories.

What would you pay for such inner construction?

The exclusive human-muscle inner construction is built into Foreman and Clark clothes. No other maker has it. Some of these features have been copied into high-priced clothes. You can pay \$50, \$60 and \$70 for a suit and still not get them all!

- A—Pliable Belgian canvas coat body instead of stiff cotton canvas.
- B—Genuine silver Hymo instead of loosely woven haircloth.
- C—One-eighth-inch lock-stitch lapel, three fine rows of parallel threads, instead of one or two.
- D—Hand-shaped, hand-felled, one-piece collar.
- E—Inverted V-Curve coat skeleton supporting lower area of skirt, as human muscles support the body. Counterbrace No. 1 resists up and down strain. Counterbrace No. 2 resists right and left pull. Counterbrace No. 3 resists diagonal or spiral twist.
- F—Duo-stitched, triple-braced pocket-flap, double strength against sagging and tearing.
- G—Combination edge and skirt stay—stays where the average stay stops.

How much hand-tailoring in the usual \$50 or \$60 suit?

The money that goes to the middleman and jobber can't go into hand-tailoring! Many a man has paid \$60 for a suit of clothes without many of the hand-tailoring features listed below. All of these features are built by skillful fingers into Foreman and Clark clothes because all of the price goes into the clothes—no middleman or other go-between.

- Every sleeve now set by hand.
- Every collar now felled by hand.
- Every edge now cut by hand.
- Every inner front now fitted by hand.
- Every button-hole now stitched by hand.
- Every seam now pressed by hand.
- Every coat now balanced by hand.
- Every pattern now matched by hand.
- Every garment now inspected by hand.
- Every breast now hand-modeled.
- Every under-collar now hand-shaped.

Read these 5 reasons—and you read the secret of these values!

- 1—Coast-to-Coast Upstairs Stores
- 2—\$497,568 Saved Yearly in Rent
- 3—\$10,000,000 Written Guarantee of Satisfaction
- 4—Our Own Big New York Factories
- 5—Cash Business—No Credit Losses

Trade Upstairs
